ROVANIEMI CITY

Events
The fourth Rovaniemi Arctic Spirit Conference takes place on 12–13 Nov 2019, immediately prior to the 6th Arctic Leaders’ Summit. The theme of the Arctic Spirit Conference is ‘Climate Change and the Future Generations.’
Website: https://www.rovaniemiarcticspirit.fi/EN/

History
There has probably been continuous settlement in the Rovaniemi area since the Stone Age. The name of the city of Rovaniemi comes from the Sámi nature word “Roavvi,” which means woody hill or old burned forest area. Official Finnish documents first mentioned Rovaniemi by name in 1453, describing it as a set of small villages whose inhabitants earned their living mainly in agriculture and animal husbandry with additional fishing and hunting. Logging and natural resource exploitation in Lapland caused Rovaniemi’s growth in the 1800s; Rovaniemi became the business center of the Lapland province. Rovaniemi is not part of Finland’s Sámi administrative area – which includes the municipalities of Enontekiö, Inari and Utsjoki as well as the reindeer-herding district in the municipality of Sodankylä – but was traditionally part of Sámi homelands according to local placename etymology. In the past few decades Rovaniemi has grown into a busy and active town. The population of Rovaniemi is over 62,000 (2016). The vast majority (84
percent) of the population is employed in the service sector (2015). Two percent of the people earn their living from primary production and 13 percent from processing.

Expertise
Rovaniemi is the educational center of Lapland and there are two universities located in Rovaniemi. The University of Lapland is the northernmost university in Finland and in the European Union. Lapland University for Applied Sciences has its home base in Rovaniemi.

Economics
Tourism has grown strongly in Rovaniemi region since the nineties. Approximately 500,000 tourists visit Rovaniemi each year. The unique location of Rovaniemi on the Arctic Circle has attracted visitors from all over the world and almost 60 percent of the visitors come from abroad.
