Fellowship Opportunities for U.S. Scholars to Conduct Research on Iraq

The Academic Research Institute in Iraq (TARII) invites proposals from U.S. scholars for feasible short-term research on Iraq-related topics to be conducted outside of Iraq and the United States. For example, projects could include:

- Research in archives in Europe, Turkey, or India
- Interviews with Iraqis living abroad
- Remote sensing of ancient Iraqi landscapes
- Collaboration between a U.S. scholar and an Iraqi scholar living in Iraq.

TARII is a consortium of American universities, museums, and other scholarly institutions dedicated to furthering research in and on Iraq and to fostering mutual understanding and respect between American and Iraqi peoples.

Funding for this program is provided by the Bureau of Educational and Cultural Affairs of the U.S. Department of State through a grant from the Council of American Overseas Research Centers (CAORC).

Proposals for TARII’s U.S. Fellowship program are invited from post-doctoral and advanced pre-doctoral researchers for awards of up to $7,000, with multiple awards given each year. Joint Iraqi – American projects will also be considered.

Applications must be received by June 3, 2022.

Awards will be announced in July, for projects that should begin in or after August 2022.

For further information on how to apply, terms, and to see examples of past fellowship projects, please see our website at http://tarii.org/fellowships
