

LEARN! SUPPORT! ACT!

3 Three ways you can help your student in school

The Washington state assessments measure students' progress in English, math, and science toward being ready for success after high school.

LEARN

Learn more about the Washington state assessments at: <https://wa.startingsmarter.org/>

Scores fall into one of four levels:

LEVEL 1 AND 2 = Needs more help and support.
Talk to your student's teacher.

LEVEL 3 AND 4 = On track with learning.

SUPPORT

Get tips to support your student if they're struggling in school, or if they need advanced learning opportunities.

ACT: FORM A TEAM WITH YOUR STUDENT'S TEACHER

Ask: What are the most important skills and knowledge my student should have by the end of the year? What resources are available for my student? How are you supporting my student's social and emotional health this year?
