Request To AT&T For 888 Number Reservation(s)

I hereby authorize AT&T to act as my agent and take action as available under Federal Communications Commission (FCC) rules and regulations to attempt to reserve on my behalf the 888 number(s) specified below.

I understand that:

- the regulations regarding reservation of new 888 numbers, including 888 numbers based on existing 800 numbers are (i) determined and administered by the FCC and its agents and (ii) not yet established as of this date;
- AT&T cannot control and is not liable for the acts or omissions of the FCC or its agents including acts or omissions relating to 800 and 888 number rules and regulations;
- AT&T does not represent or guarantee that I will receive reservations or assignments of specific 888 number(s), including those listed below.

Ranked below from highest to lowest priority are those 888 numbers which I wish AT&T to attempt to reserve for my company. In addition, each 888 number request is coded with one of the following criteria:

E = External Vanity - This is the 888 version of an advertised 800 number currently used by my company today that is used externally for our customers (non-employees) to contact our business and for which AT&T is the RespOrg.

I = Internal Vanity - This is the 888 version of an 800 number currently used by our company today that is used internally for employee applications and for which AT&T is the RespOrg.

A = Acquire - This is the 888 number for which our company does not use the 800 version and which we would like to acquire.

All 888 number requests must be in numeric format
