The Hillcrest Hotel

Originally built in the 1880’s, the Hillcrest Hotel on Chebeague Island has been a vacation destination for well over a century. In the beginning of the 20th century, the original hotel burned down and was replaced by the current building in 1924. Over the years, the Inn has played an important role in the island community and takes pride in being part of the island’s storied history of sailing and architecture.
