

The Network Q&A

This document will give you a wide overview about The Network. We recognize it may not answer all your questions - our first workshop is set up to address more questions and give you more answers. Due to capacity in our offices we will not be able to take time for additional questions via email or phone calls. Please plan on attending a workshop. We know you will benefit from it.

What is the lay out of The Network?

The Network workshops are designed to bring out your strengths, develop your interview skills and give you tools to understand what employers are looking for in an employee.

How can I obtain a Network Certificate?

You must attend all three workshops (i.e. strength finders, interview skills and understanding employers) in order to be certified as part of The Network Community.

What if I have already had all 3 or some of the workshops above?

If you have been attending approved OC DCFS programs please send us proof on organization letterhead with the date, hours, title of workshop and description signed by the staff at the organization. Once we receive documentation via email (info@teenleadershipfoudation.org) we will work with you to discuss next steps on a case by case scenario.
