

Weetwood Residents' Association.

We are a residents' association of 20 plus years standing and fully recognised by Leeds City Council.

We represent approximately 600 households and have recently adopted a new Constitution to reflect current activities within our neighbourhood.

Our declared aim is to protect and enhance our neighbourhood in terms of its balance, its environmental commitment, its heritage and the well-being and safety of our residents. We actively contributed to the Far Headingley Neighbourhood Design Statement update which encompasses Far Headingley, West Park and Weetwood and which has been adopted in its entirety by Leeds City Council as a supportive planning document.

We are self-funded, do not seek annual membership fees but do seek financial support to lead major neighbourhood campaigns. For example the fight to protect our Green Belt in Tetley Field is fully funded by residents' donations over a 2 year period.

The Association has a Committee of 6 residents and from that Committee is nominated the Chair and Treasurer.

Martyn Thomas

Chair Weetwood Residents Association.
