

# 2017 National Ural Rally Day

## Rally Day Rules and Scoring Summary

- 1) You must collect all your points on Rally Day - September 9, 2017
- 2) Ride between dawn and dusk - no points for smacking into wildlife
- 3) Submit your points and a photo to the National Rally Day email [jamesallmond@cox.net](mailto:jamesallmond@cox.net) by Midnight, September 16, 2017 or enter you numbers at [https://bigjames.gotdns.org/nurd\\_2017](https://bigjames.gotdns.org/nurd_2017). Web page will also have instructions for your pics & video.
- 4) If there is a prize drawing (TBD), you must have 100 points to be eligible
- 5) Most of all - Have Fun!

---

### Preflight

Before you head out onto the road check the air pressure in all your tires (don't forget the spare), brake lights, turn signals, headlight, check the engine, tranny, and FD fluids. You get 25 points for each item you check off.

---

### Roadside Attraction

This is pretty much any kind of attraction along the road. The rule of thumb is - if it's something you'd want a picture of - or a place you'd tell your mother you stopped at - then it qualifies. This is Progressive Scoring - so you double your points for each one you collect - 25 points for the first, 50 for the second, 100 for the third. Pilots and Monkeys do not count.

---

### Superlative

The best, biggest, smallest, tallest, shortest ANYTHING in your state, county, city - wherever you are. Whatever it is - it has to be the 'est'. Progressive scoring - so points for finding more than one - but again - no pilots or monkey.

---

### Scenic Wonder

Any kind of scenic wonder - canyon, waterfall, old bridge, boats on the water - the more scenic the better. Anything that would make a great picture postcard. Progressive Scoring

---

### Vehicular Wonder

Parked on the side of the road, a gate guard, museum display - a vehicle of some kind that you think is interesting, Get an extra 50 points if that vehicle is on a pole.

---

### Monkey

You get points for each category your monkey qualifies for, so you can collect 100 points for bringing your pooch - and add another 50 if he's in uniform. Up to 175 points total.

---

### RTE

You gotta eat - so stop for lunch and collect 25 points. Add pie and collect another 50. 75 points total.

---

### Post or Pre Ride (Change for 2017)

After you are done or before you start riding. Maintain your bike for a ride! Please DO NOT do this on the side of the road! That is dangerous and should only be done for real emergencies! You can collect points for each one - so up to 350 points total. Picture or video required for points! (video must be posted somewhere public, like youtube or vimeo)

---

### Ural Road

You get 2 points for each KM you ride on a good Ural road - that means paved, no center-stripe, no shoulder,

---

### Dirty Ural Road

Dirt, gravel, no pavement, 5 points per KM.

---

### Water Crossing

Get 20 points for each water crossing - no fair turning around to go again - water must fly

---

### Gaggle

Riding with friends is good - collect 10 points for every Ural you ride with during the rally. Stop at a Dealer and collect 20 more points for every Ural there - inside or out - including yours

---

### Photos

You never have enough photos. 2 points for each photo you take during the rally. Pictures should be posted on your favorite forum or something like instagram. Include a link to your pictures with your completed entry. Why? So we can verify them (we might), so others can see them. Publicly posted video counts as well.

---

### Bonus

We'll send out a surprise bonus sheet the week before the rally with last-minute bonuses.

---

### KMs

Collect a point for each KM you rode during the rally

# National Rally Day 2016

## Score Sheet

Rally Number: \_\_\_\_\_

<b>STARTING</b>	Start Time : _____ Start KM: _____		
<b>Preflight</b>	Check the air pressure in all your tires (don't forget the spare), brake lights, turn signals, headlight, check the engine, tranny, and FD fluids. 75 points total.	<input type="radio"/> 25 -Air Tires <input type="radio"/> 25 -Lights <input type="radio"/> 25 -Fluids
