**Friant Water Authority**

**Executive Committee Meeting Agenda**

9:00 a.m., Monday, July 17, 2017 at Lindsay Office

Conference Room

854 N. Harvard Ave, Lindsay, CA 93247

At the discretion of the Executive Committee, all items appearing on this agenda, whether or not expressly listed for action, may be deliberated upon and may be subject to action by the Committee. Order of agenda items is subject to change.

1. **Call to Order.**

2. **Additions to and approval of the agenda.** Items identified after posting of the agenda, for which there is a need to take immediate action, may be added to the agenda. Addition of an item requires a two-thirds vote of the Committee members (or if less than two-thirds of the members are present, a unanimous vote of the members present). [Government Code section 54954.2(b)]

3. **Approval of the June 12, 2017 meeting minutes.**

4. **Public Comment.** (GOVERNMENT CODE SECTION 54954.3) – This is the time set aside on the agenda where members of the public may comment on any matter within the jurisdiction of the Committee that is not on the agenda. Comments will be limited to 3 minutes per speaker, 15 minutes per subject and 30 minutes overall for the entire public comment period, unless otherwise approved by the chair of the meeting, to ensure that all interested parties have an opportunity to speak. The Committee cannot take action on items not on the agenda; and therefore, comments on such items may be taken under advisement, referred to the appropriate staff for response or directed to be placed on a future agenda. Public comment on items on the agenda will be allowed at the time the Board considers the item.

**OPEN SESSION**

5. **Water Resources Coordinator’s Report.**
   A. Update on Temperance Flat Dam Project.

6. **Government Affairs Manager’s Report.**
   A. Review of pending state and federal legislation.
   B. Staff coverage during upcoming leave.

7. **General Counsel’s Report.** Updates and other items of interest to the Executive Committee, not already covered in the agenda.

8. **Chief Operating Officer’s Report.** Updates and other items of interest to the Executive Committee, not already covered in the agenda.
   A. Subsidence Issues – An update on subsidence issues.
   B. Pump-back Project Update – An update on the pump-back project.
Friant Water Authority
Executive Committee Meeting Agenda

9. Chief Executive Officer’s Report. Updates and other items of interest to the Executive Committee, not already covered in the agenda.
   A. Draft Strategic Plan Accomplishment Report
   B. Update on FWA Membership - Consideration of the acceptance of Chowchilla Irrigation District as an Associate Member.

CLOSED SESSION

10. CONFERENCE WITH LEGAL COUNSEL - EXISTING LITIGATION [Government Code section 54956.9(d)(1)] – Name of matter: NRDC v. Murillo, U.S. District Court, Eastern District of California (Sacramento Division), Case No. 88-cv-1658-LKK-GGH.

12. CONFERENCE WITH LEGAL COUNSEL—INITIATION OF LITIGATION [GOVERNMENT CODE SECTION 54956.9(d)(4)]—Initiation of Litigation: 3 potential cases.

A person with a qualifying disability under the Americans with Disabilities Act of 1990 may request the Authority to provide a disability-related modification or accommodation in order to participate in any public meeting of the Authority. Such assistance includes appropriate alternative formats for the agendas and agenda packets used for any public meetings of the Authority. Requests for such assistance and for agendas and agenda packets shall be made in person, by telephone, facsimile, or written correspondence to Toni Marie, at the office of Friant Water Authority, at least 48 hours before a public Authority meeting.
Friant Water Authority  
Executive Committee Meeting Minutes

9:00 a.m., Monday, June 12, 2017 at Lindsay Office  
Conference Room  
854 N. Harvard Ave, Lindsay, CA 93247

At the discretion of the Executive Committee, all items appearing on this agenda, whether or not expressly listed for action, may be deliberated upon and may be subject to action by the Committee. Order of agenda items is subject to change.

1. Call to Order. Chair Kent Stephens called the meeting to order at 9:00 a.m. Committee members present: Stephens, Tantau, Borba, Borges (Alt. for White), Camp; Staff present: Phillips, DeFlitch, Marie, Davis, Payne, Biering, Ottemoeller, Luce, Bezdek, Hickernell. Others: Collup, Geivet, Morrissey, Edwards, Demetriff, Swanson, Dalke; Committee members absent: White, Loeffler

2. Additions to and approval of the agenda. The agenda was approved. (Borba/Tantau); approved unanimously) Ayes – Stephens, Tantau, Camp, Borges, Borba; Nays – none; Absent – White

3. Approval of the April 17, 2017 meeting minutes. The minutes were approved. Borba/Tantau); approved unanimously) Ayes – Stephens, Tantau, Camp, Borges, Borba; Nays – none; Absent – White

4. Public Comment. (Government Code section 54954.3) – None.

CLOSED SESSION

5. CONFERENCE WITH LEGAL COUNSEL - EXISTING LITIGATION [Government Code section 54956.9(d)(1)] – Name of matter: NRDC v. Murillo, U.S. District Court, Eastern District of California (Sacramento Division), Case No. 88-cv-1658-LKK-GGH.

7. CONFERENCE WITH LEGAL COUNSEL—INITIATION OF LITIGATION [Government Code section 54956.9(d)(4)]— Initiation of Litigation: 2 potential cases.

8. Announce reportable action taken during closed session as required by Government Code Section 54957.1. There was no reportable action taken during closed session.
OPEN SESSION

   A. Update on Temperance Flat project. Jeff Payne, Water Resources and Operations Coordinator, introduced Bill Swanson, MWH/Stantec, who gave an update on the status of the Temperance Flat Reservoir Water Storage Investment Program Application which is due for submittal on August 14, 2017. The Executive Committee thanked Mr. Swanson for the update.

   A. Review of pending state and federal legislation. Alex Biering, Government Affairs and Communications Manager reported briefly the status of both Federal and State legislation as outlined in the Agenda Detail Sheet (ADS) included in the packet.

   B. Review of state legislative and budget deadlines and milestones. Alex Biering also reported that the Friant-Kern Canal Pump-back Project funding provided for in AB 97 (Ting) may be in the Resources trailer bill; trailer bills have historically not been passed until August.

11. General Counsel’s Report. Updates and other items of interest to the Executive Committee, not already covered in the agenda. No updates at this time.

12. Chief Operating Officer’s Report. Updates and other items of interest to the Executive Committee, not already covered in the agenda.
   A. O&M Budget – The Committee will consider recommending to the Board the acceptance of the Authority’s draft FY 2018 and FY 2019 Operating & Maintenance Budgets for the 60-day public review. The EC approved a recommendation to the Board that they accept the Authority’s FY 2017 and FY 2018 draft O&M Budgets and release them for the required 60-day public review; and also recommended that the Board consider directing staff to develop a long-term analysis of extraordinary O&M items. (Borges/Stephens); (Approved) Ayes – Stephens, Tantau, Borges, Borba; Nays – none; Abstain – Camp; Absent – White

   B. Subsidence Issues – An update on subsidence issues. CEO Phillips and COO DeFlitch reported on subsidence issues. CEO Phillips said that the subsidence issue was a main topic of conversation during his Washington DC meetings with Senator Feinstein and Congressman McCarthy pledging to assist Friant in their efforts to help resolve the problem. The Bureau of Reclamation has directed a team of individuals to work with FWA to prepare a project description and a rough cost estimate by Friday, June 16, 2017 so that monies could be used from the 2017 Storage budget under the WIIN Act. A subsidence meeting will be held on Thursday, June 15 at the Wyndham.

   C. Pump-back Project Update – An update on the pump-back project. COO DeFlitch reported on the Pump-back Project and noted that a kick-off meeting was held on June 7, 2017.

   D. Review of monthly O & M. Provided in packet as an informational item.

13. Chief Executive Officer’s Report. Updates and other items of interest to the Executive Committee, not already covered in the agenda. CEO Phillips reported briefly on the DC trip meetings.

14. Adjournment. The meeting was adjourned at 1:00 p.m.
AGENDA TOPIC: Update on Temperance Flat Dam Project

DESCRIPTION: The San Joaquin Valley Water Infrastructure Authority (SJVWIA) was formed to “solicit grants...to fund water infrastructure improvement projects...and to administer the disbursement and expenditure of said funds on qualified infrastructure projects including but not limited to local surface storage projects, groundwater recharge projects and construction of the Temperance Flat Dam project ...”

On August 2, 2016, the SJVWIA asked FWA to assist in completing the Temperance Flat Dam analysis and study. On August 26, 2017, FWA responded, noting our interest in participating in the development of a project description and operational formulation for Temperance Flat Dam and Reservoir.

Subsequently, FWA signed a joint letter agreement with SJVWIA, the San Joaquin River Exchange Contractors Water Authority, and the San Luis & Delta-Mendota Water Authority, contributing $50,000 toward the completion of the technical studies necessary for the application for funding under the Water Quality, Supply and Infrastructure Improvement Act of 2014 (“Prop. 1”).

A second letter from SJVWIA was received in April, which precipitated a need for a face-to-face meeting.

On July 5th, representatives of SJVWIA (Mario Santoyo (Exec. Director of SJVWIA), Victor Lopez (mayor of the City of Orange Cove), Chris White (GM of Central California ID and chair of the Technical Advisory Committee for the Temperance Flat Dam project), Buddy Mendes (Fresno County Supervisor and Vice President of SJVWIA), and Steve Worthley (Tulare County Supervisor and President of SJVWIA)) met with an ad hoc group of FWA directors (Edwin Camp, Georgeanne White, Jim Erickson, and Eric Borba) along with Jeff Payne and Bill Luce.

SJVWIA representatives made the following points:

- They intend to keep the option for Prop 1 funding open.
- SJVWIA board members feel passionately that this project is important for facing the region's challenges (SGMA, etc.).
- Dues are $50,000 per year; since FWA was not a member last year, the $50,000 dues from last year would also be expected (for a total cost to FWA of $100,000 to join).
- There is a sense of urgency, since the deadline to apply for Prop. 1 funds is August 14, 2017.
• The next SJVWIA board meeting is on July 14, so they need our response in advance of that date.

As a result of the urgency of moving forward, a Special FWA Board of Directors meeting was held telephonically on July 10, 2017. The Board voted for FWA to join the SJVWIA, considering the following information:

• SJVWIA has done good job of keeping project alive and providing a forum for discussion of project for host of regional benefits;
• SJVWIA represents a broad coalition of political support that would be necessary for any project implementation;
• Friant support will be critical for any project to be taken seriously by the California Water Commission (the entity that decides what projects get funded under Prop. 1);
• Joining the SJVWIA lends the FWA “brand” to all SJVWIA actions;
• Based on conversation at the July 5th meeting and consistent with the terms of the JPA, SJVWIA’s role is limited to submitting the Prop. 1 application and administering any grant funds, it envisions transition to a different entity for implementation of the project to be necessary in the near future;
• Friant has spent $50 k in support of engineering services, like other entities, in addition to the $30 k on the ACWA Integration Study that showed Temperance among the highest yielding options under consideration. The ad hoc group of FWA directors have suggested using this $80,000 as cost-share credit toward membership, and paying the balance of $20,000 along with in-kind services to keep staff engaged in the weeks leading up to an application submittal;
• There is no provision in the JPA for the payment of past fiscal year dues – only an initial membership contribution of $50,000, and after that all members are assessed equally. See Article 15.

A resolution was passed authorizing FWA to participate in the SJVWIA as a member. In addition, the Board Chair and the Chief Operating Officer and the General Counsel, or their designee, is authorized to sign the Agreement on the Authority’s behalf and take such other actions as may be necessary to become a member of SJVWIA, including payment of any initial membership contribution to the SJVWIA.

**RECOMMENDATION:** Informational only.

**BUDGET IMPACT:** Initial contribution of $20,000. It is not expected that this will result in an additional call for funding. If FWA remains a member of the SJVWIA, it will be subject to proportionate share of the SJVWIA’s expenses in future fiscal years.

**SUGGESTED MOTION:** None needed.
AGENDA TOPIC: Review of State and Federal Legislative Activity

DESCRIPTION:

Upcoming State legislative schedule:

- **July 21**: Last day for policy committees to meet and report bills. Summer Recess begins.
- **Aug. 21**: Legislature reconvenes.
- **Sept. 15**: Last day for any bill to be passed. Interim recess begins on adjournment.
- **Oct. 15**: Last day for the Governor to sign or veto bills.
- **Jan. 3**: Legislature reconvenes.

Friant-Kern Canal Pump-back Project funding update: On June 15 the Legislature passed the 2018 California budget bill, AB 97 (Ting). Governor Jerry Brown signed it on June 27; he did not use his line-item veto power, which means that the version passed by the Legislature is the enacted budget. It includes $4 million in funding appropriated to the California Department of Water Resources to be used to fund the Friant-Kern Canal Pump-back Project.

RECOMMENDATION: None; informational only.

BUDGET IMPACT: None.

SUGGESTED MOTION: None; informational only.

<th>FWA</th>
<th>Status</th>
</tr>
</thead>
<tbody>
<tr>
<td>AB 791</td>
<td>Sacramento-San Joaquin Delta: State Water Project and federal Central Valley Project: new conveyance facility (Frazier) – 3/21 version</td>
<td>Would require, before a water contractor enters into a contract to pay for costs related to WaterFix, that the lead agency provide the breakdown of costs for each water contractor entering into a contract and what benefits each contractor will receive based on the proportion it has financed of the proposed conveyance project.</td>
<td>PRO: Clean Water Action, Sierra Club, NGOs</td>
<td>NYC</td>
<td>Failed to be acted on by deadline for 2017, and may be acted on in January 2018 (two-year bill)</td>
</tr>
<tr>
<td>AB 975</td>
<td>Natural resources: wild and scenic rivers (Friedman) – 5/4 version</td>
<td>Would make California’s Wild and Scenic River requirements consistent with the federal Wild and Scenic River Act requirements. This includes (1) extending protected areas of the river to include adjacent lands in a ¼-mile buffer on either side of the river (currently the definition includes only up to the river’s line of riparian vegetation) and (2) recognizing additional “values” of the river including historical, cultural, geologic, ecological, botanical, hydrological, and other “similar” values. Currently, state Wild and Scenic Rivers include mostly north state and north coast rivers, as well as a few that drain into the Lahontan basin. These rivers were placed under federal Wild and Scenic River Act protection in 1980, also, so at the federal level #1 and #2 already apply.</td>
<td>PRO: Enviro NGOs, sport fishing groups</td>
<td>OPP: None</td>
<td>Ordered to “inactive” file at request of Asm. Friedman on 6/5</td>
</tr>
<tr>
<td>AB 1369</td>
<td>Water quality and storage (Gray) – 2/17 version</td>
<td>Would require the Department of Water Resources to increase statewide water storage (ground or surface) capacity by 25% by January 1, 2025, and 50% by January 1, 2050, using revenue generated and collected in the Greenhouse Gas Reduction Fund. The Greenhouse Gas Reduction Fund is the repository of funds collected by the California Air Resources Board through auction or sale of emissions allowances under the state’s “cap-and-trade” market-based emissions reduction program.</td>
<td></td>
<td>NYC</td>
<td>Ref’d to Water, Parks &amp; Wildlife on 3/27; failed to be acted on by deadline for 2017, and may be acted on in January 2018 (two-year bill)</td>
</tr>
<tr>
<td>AB 1427</td>
<td>Water: underground storage (Eggman) – 3/21 version</td>
<td>Current law provides for the reversion of water rights to which a person is entitled when the person fails to beneficially use the water for a period of 5 years. Current law declares that the storing of water underground, and related diversions for that purpose, constitute a beneficial use of water if the stored water is thereafter applied to the beneficial purposes for which the appropriation for storage was made. This bill would revise the above declaration to additionally provide that certain uses of stored water while underground constitute beneficial use.</td>
<td>PRO: None</td>
<td>OPP: MWD, Cucamonga Valley Water District, Three Valleys Municipal Water District, Westlands Water District, Coachella Valley Water District, Mojave Water Agency, Antelope Valley East Kern Water Agency, Alameda County Zone 7 Water Agency</td>

AGENDA TOPIC:  Staff Coverage During Upcoming Leave

DESCRIPTION:  Government Affairs and Communications Manager Alexandra Biering is anticipated to go on maternity leave July 21. Her firm return date is TBD but her leave is expected to be approximately 5-6 months. During her absence, FWA staff will assume many of her responsibilities on policy issues. For certain activities, FWA will continue to lean on outside consultants to provide continuity. These include:

- Federal legislative matters: Ferguson Group
- State legislative matters: Villines Group
- Communications and Media Relations: Clerici Consulting

RECOMMENDATION:  None; informational only.

BUDGET IMPACT:  None.

SUGGESTED MOTION:  None; informational only.

ATTACHMENTS:  Resume of John Clerici

John Clerici
Senior Outreach Specialist

Overview
More than 25 years of communications experience with emphasis on stakeholder outreach and engagement, strategic communication planning, project management, neutral facilitation, and leadership development. Comfortable in dealing with top-level company, as well as public agency executives. Well regarded in the water, transportation, and environmental communities. Exceptional attributes include:

- Strategic communications counsel related to issues at the regional, state and national level in the following fields: water resources, energy, transportation, air quality, watershed management, fisheries and refuge biology, construction management, land use, forestry, and health/environmental implications related to the above
- Coalition building among diverse groups on environmental/environmental justice issues. Groups include private companies, public agencies, NGOs
- Business development, project management and team supervision for communications agency projects ranging from $25,000 to $1,000,000
- Office management/Leadership development/Communications training (client and in-house) including budget and strategic planning, program initiation, recruitment, staff development and training

Overview of experience
- Provided senior-level strategic and tactical counsel to companies, associations, government agencies, NGOs on environmental-, water- and transportation-related issues
- Developed and implemented effective and respected communications and community relations programs at the local, regional, and statewide level
- Empowered clients to get their voices heard in the media, legislative and regulatory arenas and public forums by establishing credible relationships and messages, allowing clients to be considered part of the solution to issues of public interest
- Utilized research and 25+ years of experience in risk perception and risk communications to understand stakeholder interests and develop risk communications and crisis communications programs centered around multiple interests
- Facilitated controversial and highly-charged public meetings for federal and state agencies, earning praise from participants and clients
- Coached and mentored high-level professionals in leadership awareness, attributes and skills
- Extensive contacts in business, all levels of public agencies, media, environmental groups, academics, public policy professionals
Mr. Clerici is a communication and resource professional with more than 25 years of experience in stakeholder outreach, media relations, public education and program management in community planning, transportation, water, flood, NEPA/CEQA development, and other resource related issues.

He has extensive knowledge of environmental process communications requirements, working with a variety of energy, water, resource and transportation agencies throughout California and Nevada. He has been a leader in developing strategies and communications plans to meet the needs of changing transportation energy, water, flood management and resource issues. Mr. Clerici has been instrumental in providing effective communication on many complex planning and environmental efforts and understands the relationship between client objectives and the communications requirements to make them successful. Mr. Clerici has expertise in transportation planning, FERC relicensing, CEQA/NEPA outreach, developing and implementing public education programs, talking point and media relations, consensus building, meeting facilitation, and communications. His broad range of experiences include:

- Planning and execution of stakeholder outreach for the relicensing of the hydropower facilities at Oroville Dam
- Planning and execution of agency and stakeholder communications for the California High Speed Rail Program
- Lead Facilitator for the Folsom Dam Road Closure EIR/EIS
- Lead Facilitator for the Half Moon Bay Historic Bridge Rehabilitation project

Mr. Clerici has designed and implemented numerous public involvement programs, and participated in and facilitated collaborative processes in a variety of environments. His work experience include work with the State Department of Water Resources, Bureau of Reclamation, Western Area, Power Authority, Pacific Gas and Electric Company, Army Corps of Engineers, Caltrans, Department of Defense, and the Bureau of Land Management as well as collaboration with numerous, planning, water, energy and irrigation agencies throughout California on a variety of environmental and resource planning processes.

Mr. Clerici has been instrumental in providing effective communication on many complex planning and environmental efforts and understands the relationship between client objectives and the communications requirements to make them successful. Based in the Central Valley, Mr. Clerici has expertise in strategic planning, interactive community outreach, conflict resolution, consensus building, and meeting facilitation. Mr. Clerici has designed and implemented numerous public involvement programs, and participated in and facilitated collaborative processes in a variety of environments. These efforts include single and multi-day
planning workshops, design charettes, and single-subject community boot camps.

Additionally, Mr. Clerici’s educational background in natural resources management and forestry, as well as his work experience as a transportation planner, provide him with a rich diversity of skills to draw from. Mr. Clerici understands that outreach and communications is not a means unto itself, but an integral component of any project. He has designed and implemented communications with that in mind. Helping stakeholders with diverse, and sometimes conflicting, points of view find common ground and move critical issues and projects forward.

**Project Specific Experience**

**Water Resources**

**Strategic Communications Manager, North Sacramento Valley Conjunctive Management Evaluation, Willows, CA, Glenn-Colusa Irrigation District:** Mr. Clerici served as strategic communications manager for conjunctive management investigation providing assistance with stakeholder outreach, meeting facilitation, press releases, crisis management and communications, and information materials development.
