# Message Notes

## God's Timing, God's Season, and God's Purpose

Speaker: John Edie 🗣️ Text: Ecclesiastes 3:1

- I When God moves us in expanding or enlarging our ministries it is always within His time and purpose.
- II When God calls us to move forward, it will usually stretch us or at least get us out of our comfort zone.
- III God is constantly trying to move us beyond ourselves so He will receive the praise.
- IV God always honors faithfulness when we follow His direction.

### Conclusion:

It is future generations being able to look back at this group in this Calvary family in 2018 and see that you took a critical step of faith that would pay great eternal dividends in God's timing, season, and purpose.
