3) Public Comment: Members of the public are given the opportunity to address the Council on items of interest within the jurisdiction of the Council.

Hi I am Patricia Robertson Executive Direct of Mammoth Lakes Housing and a First 5 Commissioner, I am here to provide public comment about the availability of Community Development Block Grant (CDBG) funds for a Child Care Facility in our communities and note that First 5 and Mono County have successfully applied for CDBG for this purpose and to increase availability of preschool slots in the unincorporated county and to note that First had volunteered their time to complete a CDBG application in partnership with the Town of Mammoth Lakes to prepare a shovel ready project for a child care facility.
The Town decided to not move forward with the application, which is unfortunate given the time that First 5 staff spent on the application in addition to dire need we have for additional child care slot within both the Town of Mammoth Lakes and Mono County. And I wanted this group to know that I have historically made public comment and emphasize the importance of partnerships in supporting applications for these grant funds so we can achieve a new child care facility in our community. It seems that partnerships are one of the biggest hurdles that we have to overcome and think it is part of the work we have to do to strengthen our relationships and expand our compacity by working together instead of working independently. And so, I wanted to ask this group how we can all work together to grow child care spots within the Town of Mammoth Lakes. I know a lot of Commissions and Entities in the community represents their own organization and wants to get the funding for their group or their project. I think what is more important is that we work together and support each other to achieve real change.

Danielle Dublino’s response: I would like to address Patricia’s comment that yes partnerships are a big hurdle. And I would like to say that the first this Council had heard of First 5 CDBG with the Town of Mammoth Lakes was after it had happen already. So we were never aware. We have asked numerous times for have partnerships with those grants to address wide issues within the County. I have a long history of knowing about that CDBG, I was the first teacher at the Bridgeport Preschool that was made with the Community Development Block Grant. I’ve asked Molly on a couple of occasions that address all of the child care slots in the county, not just one site or another. You know that I think moving forward prior to making these applications, maybe the ideas for how to best spend the funds be brought forward to the Mono County Child Care Council that way everyone can have a say. Instead of someone deciding this is how we are going to spend the money and then going forward with the process. I don’t feel like that has been done previously.

4) Resolution: MCCCC Coordinator recommended that the Mono County Child Care Council adopt Board Resolution No.1. The Resolution shall take effect on October 14, 2021, and be effective until November 13, 2021, or such time the Board adopts a subsequent resolution in accordance with Government Code section 54959(e)(3) to extend the time during which the Board may continue to teleconference without compliance with Government Code section 54953(b)(3). *(Information)*

**Pam Heays, Consumer of Child Care (Chair):** Comment to the Council that if you know ahead of time that you are not going to make it to a meeting, please let Courtney know. We have already had to cancel one meeting due to the lack of quorum and Courtney puts a lot of time into the agenda and getting the packet prepared. So when we have to cancel a meeting it’s just a lot of resources that get wasted and our last few meeting we have struggled to make sure we have had a quorum. So she can be made aware and plan accordingly.

**Danielle Dublino, IMACA Preschool Teacher (Vice-Chair):** They interviewed and offered a job to someone for the aide position at the Lee Vining Preschool and she accepted the job over a month ago. Her Live Scan was pending for the last month. This is a huge issue for maintaining employment and staffing. There are these hiccups that are making harder to staff facilities. There are two other aides IMACA is trying to get hired but are having to wait on the Live Scan. Her classroom went to the Firs Station and the kids loved it.

**Sofia Flores, Behavioral Health:** They are still holding Club House Live in person. They will be doing more advertisement. They have two staff members present at all times. Services are still going on. If you are not already on the email list for the Wellness Center just let Sofia know and she will share with the new Coordinator.

**Kelly Conboy, IMACA CCC Director:** No updates at this time.

**Jacinda Croissant, Health Department:** We have been doing flu shot clinics for the past month. There is one last one in Bridgeport on October 21st 11-3PM. If you want to hold a flu clinic at your facility let her know. They have the shot and flu mist and a there are COVID shots available as well. For SIDS resource she has sleep sacks and pacifiers available to provide families. She also has free pack in plays for parents or provides to provide a separate safe sleep options and she has mental health resources.
