

August, 2015

Dear Parents/Guardians:

Hoopeston Area CUSD #11 utilizes Title I funding to operate School-wide programs in our K-8 buildings. As part of facilitating Title I school-wide programs, it is our responsibility to inform you of the following information:

- All teachers working in our K-8 buildings meet the “highly qualified” requirements for the grade level and subject areas they teach.
- All paraprofessionals working with Title I students have their ParaProfessional License and/or have 60 or more college credit hours.

If you would like additional information regarding a teacher’s specific degree major and/or graduate certification, please contact your building principal. We look forward to a great school year!
