

Kindergarten Newsletter

March 13-16, 2017

Math

- We will focus on decomposing 7 and 8 this week.
- We will also work on decomposing number 6-8 using linking cubes to see patterns

Science

- We are finishing up our study on habitats by doing a culminating project. Some classes will be putting together murals to hang in the hall.

Connected and Respected

- We are focusing on the power of yet.
- Everyone has something they can't do, but with the word "yet" it means that we are going to keep working on it.

Reading/Phonics

- We will be reading about bugs this week.
- We will also be working on the diagraphs ch, sh, th, and wh
- We will focus on finding the main idea and details in our stories.
- Our sight words for this we are: **him** and **his**.

Writing

- We are starting up narrative writing this week.
- Students will focus on a beginning, middle, and end for their story.

Homework

- Read with your child

*Student Parent teacher conferences this week. Please bring your student with you to the conference!
