

KINDERGARTEN NEWSLETTER

The Week of September 25th – 29nd

HOMEWORK

Ask your child to name a favorite job. Take turns telling a story about what the worker does. Each time you and your child complete your part of the story, you should end with the word **and**. For example, you might say: "I am a baker. I mix the dough **and** . . ." Your child continues the story. Go back and forth several times until the story about the job is finished.

OUR WEEK OF LEARNING

Math- We will be counting to eight in different configurations. We will focus on the numbers seven and eight this week.

Science- Students will first color a monster. They will then construct a structure to protect their monster from the sun. We will use a thermometer to see if the monster is cooler in the shade or sun.

Social Emotional- Classes will create a graph of how classmates are alike and different.

ELA- Look on the back to see what we will be covering in English Language Arts (ELA) this week.

UPCOMING EVENTS

September 27th- October milk money due

September 27th- Fire Drill

October 5th- PBIS celebration
