

# Georgia Music Educators Association All State Chromatic Scale

Middle School (Grades 6-8) Tuba

The image displays four staves of musical notation for a tuba chromatic scale. Each staff begins with a bass clef. The first staff shows the scale ascending from the lowest note (two ledger lines below the staff) to the highest note (two ledger lines above the staff). The second staff shows the scale descending from the highest note to the lowest note. The third staff shows the scale ascending from the lowest note to the highest note, with a flat sign (b) placed before each note. The fourth staff shows the scale descending from the highest note to the lowest note, with a flat sign (b) placed before each note. All notes are quarter notes.

Play up and down as indicated, accurately and musically.

Scale may be tongued or slurred, in a rhythmic pattern selected by the student.

Judging will be based on tone quality, evenness, smoothness, accuracy, and speed.
