TWIST. LOCK. FIT. EVERY TIME.

## Fitting the Future™

Versatile. Intuitive. Revolutionary. Introducing John Guest ProLock: the first-ever Twist-to-Lock system, from the first name in cutting-edge design and engineering.

## Design Meets Technology

John Guest's state-of-the-art polymer material gives ProLock toughness you can trust. And that's just part of the story - see what else sets ProLock apart.

## Twist. Lock. Fit. It's Just That Simple.

ProLock fits everything, everywhere: copper, PEX, or CPVC. No adaptations, modifications, or tools. Ever.
