

**OUTDOORSY VALENTINES FOR  
SARCASTIC FUCKERS**

(For that special adventure buddy in your life)

Hey Valentine - on occasion, I love you more  
than I love my dog.

Roses are red  
Violets are blue  
I ate so much trail mix I'm gonna shart  
How about you?

Cheers to many more years of laying wide  
awake all night in our tent sure we're going to  
be eaten by grizzly bears.

Instead of a Valentine's Day gift I was  
thinking we could go on an adventure here  
together:

I love you even though your ski socks smell  
really, really, really, really, really, really bad.

Be my valentine? Oh wait, you don't like to  
flyfish? Nah, nevermind, sorry.
