

Evangelistic Courses for FE & Sixth Form College CUs

There are many amazing courses out there to help you share the gospel. Festive have selected three that will work really well in an FE & Sixth Form context. Here is a brief description of each course, complete with some vital stats:

321 THE STORY OF **GOD**
THE **WORLD** AND **YOU**

Purpose

To present the truth about: God; the world; and you.

Content

Session 1	3 – Trinity: God is three persons united in love (Who God really is)
Session 2	2 – Everyone belongs to Adam or Jesus (Who we really are)
Session 3	1 – You are one with Adam; will you be one with Jesus? (What will you do?)

Format

Free downloadable videos (approx. 15 mins) with discussion questions.

Sessions

Three.

How to Use

321 would be a great, short introduction to Christianity for your non-Christian mates. It would also work really well for a CU as an overview of what's at the heart of Christianity. Show your mates the video and see if they want to come along to the course to discuss more: <http://321.revivalmedia.org/321-free-android-app/>

Content

Session 6	Green Light to God (the truth about forgiveness)
Session 7	Into Gear (the truth about Christianity)

Format

Quality short videos with discussion/mini-Bible studies (free to download).

Sessions

Seven.

How to Use

This course would be great to do 1-1 with a mate during a free period. It would also work well in a CU if you have access to the net in your meeting room. As it's seven sessions long, a great way to use the course would be to do three sessions before half-term and then the next four sessions after half-term.
