Project Zoning District

OPR-B - Oakland Public Realm - Subdistrict B Craig Street

Oakland is a place of unusual density and concentrated public activity due to the lively environment of highly mixed uses, monumental and grand civic buildings, and large educational and medical institutions. The intent of the Oakland Public Realm District (OPR) is to provide regulations for the development and growth of Oakland in an effort to preserve the mixed use nature of the community while enhancing the sense of place within Oakland's public areas. The Oakland Improvement Strategy, A Comprehensive Strategy for the Development, Improvement and Zoning of Oakland's Public Corridors, Housing and Commercial Areas, identified the need to create zoning standards reflective of the vast areas of Oakland used and seen by the general public. Four (4) sub-districts have been designed to accentuate the positive attributes of each area, and to protect and enhance the fine qualities of Oakland.

908.03.D.1 Site Development Standards

1. Table

Maximum Height	60'-0"
Maximum FAR	4:1
Maximum Lot Coverage	90%

Use Table

1. Multi-Unit Residential	Permitted
2. Restaurant	Permitted

(d) Specific Project Development Plan Standards

No accessory surface parking will be permitted without the applicant providing the alternatives considered and the reasons why those alternatives were not determined to be acceptable by the applicant.

New construction shall maintain a sixty-five (65) percent building frontage along the established build-to-line.

The street level facade shall be transparent between the height of three (3) feet and eight (8) feet above the walkway grade for no less than sixty (60) percent of the horizontal length of the building facade.

All Primary Structures shall provide a prominent and highly visible street level doorway or entrance on the facade of the building that fronts onto Craig Street.
