This warranty does not cover products that were misused, abused, mishandled, improperly stored, or improperly installed by others.

Any items supplied by Alliance Custom Cabinetry / Kitchen Craft LLC but manufactured by others are not covered by this warranty. The customer must follow the warranty policies given by such manufacturer for specific warranty claims and service.

Variations in color and grain patterns are a natural characteristic of wood. Color changes are a normal and expected occurrence, due to light, heat, smoke, cleaners, and other conditions that are not considered a defect, and are not covered by this warranty.

Wood products expand and contract. As a result, slight separations, finish breaks, and seam lines can occur. These normal conditions are not considered defects and are not covered by this warranty.

Wood products and finishes are sensitive to moisture content. Any damage caused by moisture penetration will not be covered under this warranty.

Normal wear and tear, including repetitive cleaning and heavy wear around knobs and trash can units, can potentially break down the finish. These conditions are not covered under this warranty.

In order to obtain performance of any warranty obligation, the original owner shall immediately contact the warrantor in writing and cooperate fully in supplying the necessary information, as well as access to the premises, relative to the defect or malfunction.

Some states/provinces do not allow limitations on how long an implied warranty lasts, or the exclusion or limitation of special, incidental, or consequential damages, so these limitations and exclusions may not apply to you. This warranty gives you specific legal rights. You may also have other rights which vary from state/province to state/province.
