Music enhances the education of our children by helping them to make connections and broadening the depth with which they think and feel.

If we are to hope for a society of culturally literate people, music must be a vital part of our children’s education.
Dear Head Teachers and Lead Teachers of Music,

Firstly, I would like to take this opportunity to introduce myself under my new guise of Music Director for Inspiring Music; I have met many of you in my role as Deputy Music Director and hope to meet those of you I have not yet met very soon.

The 2018-2019 Inspiring Music Brochure has been updated to accommodate requests and feedback from our school education partners and there are some very exciting new projects for you to choose from. We are very lucky to be supported by very musical schools in Central Bedfordshire and the children and young people of our schools are incredibly lucky to have teachers, head teachers and governors who believe in the value of musical education and the wealth of benefits from health and wellbeing to self-confidence not to mention the cognitive and social benefits of music.

Some of the new opportunities we have on offer are:

- Broader EYFS and Key Stage 1 offer
- New composition and wider Digital Music focus
- SEND projects for Special Schools and mainstream provision
- Half and Whole day workshops
- Hire of instruments (subject to availability)
- After school provision for schools with wrap around care

A brand-new feature of our delivery is to work with schools before and after school provision so that children and young people are able to access musical opportunities beyond curriculum hours.

All Whole Class Instrumental Tuition (WCIT) schemes of work will be updated for delivery in the new academic year.

Our Sing Out Play Out projects are increasingly popular and the SOPO team are already working on new repertoire for Key Stage 2 children to sing in The Grove Theatre in Dunstable or the Bedford Corn Exchange in the summer of 2019!

Please do get in touch if you would like to discuss any of the projects in the brochure and I very much look forward to receiving your order forms by Friday 20th April.

We look forward to working with your school in the next academic year to further develop each student’s musical potential.

Charlotte Payne

Who
These projects are aimed at Early Years and KS1 students.

What
Between Three, Four and Six weeks of tuition depending on the project. Up to 60 minutes per week (dependent upon age of pupils) which includes setting up and clearing away as needed. Specific times mentioned where necessary. All instruments / digital resources are provided for the duration of the project.

The Projects

**Step into Music** (PR01). Begin to explore pitch, pulse, tempo and dynamics through a variety of songs and rhythms with the help of some puppet friends!

**Hear Me Sing**! (HMS01). A fun and engaging introduction course for early years/KS1 including traditional and original songs with the help of puppets and basic percussion, with animals, fairy tales, world culture, travel and food as topics to choose from. Pupils will enjoy singing and learning about music together focusing on pitch matching and following rhythmic patterns and beat. In 6 weeks pupils can go one step further with an optional concert during a school assembly or concert for the parents on the sixth (final) session. Recommended 30 minutes for nursery, foundation/reception.

**Come and Sing** (CAS001). A sing-a-long in conjunction with another project – a gentle 30-minute nursery/reception class (3 weeks) for parents/carers AND their children to experience the joy of singing together and building confidence to sing both in school and at home. Start of school 9:00 – 9:30 or after school 3:45-4:15. Only available for those purchasing Hear Me Sing for a different year group on the same day in consultation with the tutor.

**Move your Body to the Beat** (PR05). Through singing games and rhymes that get the whole body moving, children develop an internalised sense of pulse, the building block of all music-making. Using traditional songs, they explore rhythm and take the first steps towards reading rhythm notation.

**Pentatonic Pitch Explorers** (PR06). Through singing games based on pentatonic traditional songs, children develop the ability to sing in tune and learn hand signs as a prelude to reading pitch notation. It is recommended that children experience either ‘Step into Music’ or ‘Move your Body to the Beat’ before undertaking this project.

**Traditional Tales** (PR03). Explore well-known literary favourites including ‘Jack and the Beanstalk’, ‘The Three Little Pigs’ and ‘Cinderella’ through the use of songs, rhymes and percussion.

What does the school need to provide?
- Appropriate teaching space for the activity involved
- Supportive classroom management
- Whiteboard
- Safe storage space and responsibility of care for Inspiring Music resources and instruments where provided

Sing Into Literacy Bags (SILB01)

This set of 8 Literacy bags aims to encourage families to use nursery rhymes and music as a vehicle for early language, phonics, and physical development. Each Literacy bag helps to bring a different nursery rhyme to life with adaptable activities that support the teaching of phase 1 and 2 of the government’s Letters and Sounds Framework.

This ‘pick up and go’ re-usable resource can either be sent home to help strengthen home-school partnerships, or kept for use within Early Years and KS1 settings. For more information please visit http://www.littlereadersbookclub.co.uk

Each Literacy bag contains:

- 1 beautifully illustrated nursery rhyme board book
- 1 activity sheet
- 1 Parent feedback book

All orders will be sent to Inspiring Music to be passed on to the school.

“...the Musical Animal activity is a game that I shall play again with her. She doesn’t want to give this bag back so it was a hit.” - Liz Robinson, Parent of Olivia age 3

Cost

£128 per set of 8 (cost outside of Inspiring Music £160)

Composition and Song-Writing (Years 4-9)

Who
These projects are aimed at pupils in years 4 to 9

What
Courses of six-week duration, a term’s duration and a whole year duration aimed at giving pupils the opportunity to compose their own songs and introduce them to the art of song writing. All of these projects are adaptable and designed to be customised in partnership with class teachers and schools. Composition projects are also available as half-day or full-day workshops

The Projects

Six weeks: School Song (SS01)
Pupils will compose a song celebrating the values and ideals that their school represents, the class will collaborate to write both words and music in a project that builds towards the final creation of a song which can be performed by the class to their peers and public. Project components: creative writing, composition and song writing, Digital Music techniques, music performance.

Six weeks: Topic or Values Song (TVS1)
Pupils will compose a song which ties in with a Topic or Value subject being studied by the class. The students will get to creatively express their knowledge and enthusiasm in a project that builds toward the final creation of a song that can be performed by the class. Project components: creative writing, composition and song writing, Digital Music techniques, music performance.

Six weeks: Leavers Song (LS01)
This is a project particularly aimed at pupils preparing to move schools. The project will challenge the students with writing a song which communicates their feelings at the point of transition to a new school. This Leavers Song can be performed at the Leavers assembly. Project components: creative writing, composition and song writing, Digital Music techniques, music performance.

One Term: School, Topic or Values Song Extended (STVSE01)
The six-week School, Topic or Values Song projects expanded to allow for multiple smaller groups, each writing their own song. Enabling greater individual involvement and expression from each child; more varied and multi-faceted approaches to the subject; further exploration of the Digital Music techniques in creating the songs; and more opportunities for sharing and critiquing each other's work. Project components: creative writing, composition and song writing, Digital Music techniques, music performance.
One Term: **Mini Musical (MMC01)**
A project in which a class writes 3 or 4 songs, based around a story, topic or values, which can be performed as a mini musical. The students will be challenged to write different types of songs for different characters and aspects of the story or subject, exploring the basics of narrative techniques and the use of music and sound to create drama. These songs could form the basis of a class play. Project components: creative writing, drama and theatre, composition and song writing, Digital Music Techniques, sound design, music performance.

Two Terms: **Two Projects (TP001)**
This would be a combination of two One Term projects. For instance, a Topic Song project in the first term, leading to a Mini Musical project in the second term. The Topic Song forming an introduction to composition and song writing and the Mini Musical building on those techniques.

Whole Year: **Composition Project (CPS01)**
Spread across the three school terms this project would cover the following:

**Term One: An introduction to Digital Music:** Using Garageband, its use as a creative tool and the development of more advanced technical skills.

**Term Two: The Expanded School, Topic or Values Song Project:** Learning about the key components of composition and song writing - melody, harmony, structure and lyric writing.

**Term Three: The Mini Musical Project:** Incorporating Digital Music and song writing techniques to craft a group of songs that could form the basis of a class assembly or show.

**What does the school need to provide?**
- Appropriate teaching space for the activity involved
- Supportive classroom management
- Whiteboard
- Safe storage space and responsibility of care for Inspiring Music resources and instruments where provided

**Cost**

**Six Week Projects:** £357 (not ACE subsidised)

**One Term Projects:** £341 (based on 11 sessions per term)

**Two Term Projects:** £682 (based on 11 sessions per term)

**Whole Year Project:** £1023 (based on 11 sessions per term)
What
Projects to engage with the highly diverse needs, strengths and musical tastes found in SEND settings. Our aspiration is to create a system that encourages everyone, whatever their background, to enjoy music and help those with real talent to flourish.

**Whole Class Practical Musicianship (WCL02)**

Who
This project is for children with additional needs in special and mainstream school settings in any key stage

The Music Library
Based at Houghton Lodge, Ampthill, the Library is a wonderful music resource free to all schools in Central Bedfordshire. The Music Library holds vocal scores and sets of music for most standard ensembles and groups including strings, wind bands and orchestras.

- Loans are free to Central Bedfordshire Schools
- Loans can be taken from one week to six months to suit the requirement
- Catalogue of titles are available [online](#)

Electric Strings (ESP001)
An amazing opportunity for your string players to have the opportunity to explore a whole new world of string playing. They will be able to play on state of the art electronic string instruments to experiment with classical music and also arrangements of more contemporary styles of music. A great new venture for any current string players and an incentive to start recruiting for string players in your school.

The instruments will be loaned to the school for the length of the project allowing the students to practise (under supervision) in between project sessions.

Central Bedfordshire School Partnership with Inspiring Music

Inspiring Music will:

1. Provide lessons, planned and led by music specialists. Sessions take place in schools on an agreed day and time each week.
2. Loan Music Education Hub instrumental resources as required for each project.
3. Work with schools to provide materials to build on the musical provision delivered.
4. Work with schools to ensure that project planning and delivery support the school’s development plan.
5. Work with schools to provide performance opportunities throughout the duration of the project (when part of a project).
6. Monitor the use of Music Education Hub funds to maximise the opportunities available to schools.
7. Deliver Fiddle Fiestas, Wind Band Days, Battle of the Bands, A Level Training Day, Orchestral Jamboree etc. All provided at no cost to schools.

Schools will:

1. Abide by the numbers of students eligible for each project.
2. Provide a suitable teaching and delivery space, ideally the school hall, (especially for brass and percussion).
3. Ensure class teachers and/or learning assistants engage with the music tutor and actively support and participate in the project working alongside their class.
4. Provide classroom management support at all times.
5. Take responsibility for the loan and care of instruments throughout the duration of the project.
6. Ensure students can participate in performance opportunities.
7. Be responsible for the transport to concert venues and supervise pupils at the venue (when included in a project.)
8. Provide data and feedback as required to inform future and current development of the Music Education Hub.
