“

I'm excited to get my own place,  
but I cry when I think about  
leaving St. Anne's Place. This is  
not just a shelter, but it's a home  
and my second family is here.  
I will miss St. Anne's Place a lot.

The mission of **Haven Housing** is to provide women in crisis or transition with a stable environment and the opportunity to explore options for their future. Through our three programs in North Minneapolis – Ascension Place, St. Anne’s Place and Next Step Housing – we offer safety, stability, support and resources to women and women-led families seeking to heal from trauma, break free from crisis, and create a more hopeful future.

Each year, Haven Housing serves nearly 450 women and children, who enter our programs having experienced severe traumas like homelessness, abuse, neglect, mental health crises, and the fallout of chemical dependency. At each Haven Housing program, women and families join a community of healing, where they receive a respite from crisis, individualized support, extensive community resources, and tools to achieve their goals.

**Ascension Place** provides transitional housing, support and resources for women working to overcome crisis and rebuild their lives. **St. Anne’s Place** provides emergency shelter to homeless women-led families seeking safety and support as they work toward stability and independence. **Next Step Housing** offers permanent supportive housing options – both site-based and scattered site – for women and women-led families working to maintain housing stability.

Support from our partners allows Haven Housing to provide safe, stable housing and basic needs to women and children in crisis, as well as: health and wellness programming, mental health and chemical health groups, therapeutic art and music participation, tutoring and school support for children, financial literacy education, and even the simplest joy of a birthday celebration.

Sponsor the life-changing work of Haven Housing, and become an instrument of change in the lives of women and children most in need.
