SAD NEWS

BPWA co-founder Ruth Armstrong dies

BPWA is very sad to report that one of our co-founders, Ruth Armstrong (3rd from right above, at a meeting of the first BPWA board), recently passed away at the age of 71. Ruth was the first to come up with the idea of a citizens group to champion the public pathways. In late 1997, she posted a flyer at the North Berkeley library calling for a meeting of similarly
minded neighbors, and came up with "Path Wanderers" as a moniker. We send condolences to her family and many friends. A new path between Berkeley Way and Hearst Street in downtown Berkeley was recently renamed in Ruth Armstrong's honor. A more complete article on her life and contributions to the walkers of our city will appear in the March newsletter.

**MEET ANDREW DICKSON, PATH BUILDER**
Volunteer Spotlight: Andrew Dickson

By Colleen Neff

“He’s a gem!” enthused Francesca Verdier when I asked how she liked working with BPWA path-building volunteer Andrew Dickson, 23. “He’s a hard worker, listens well, and learns fast. And he’s always willing to haul building materials up many flights of steps!” High praise indeed from a leader of the incredibly hardworking team that builds new paths (and repairs old ones) around town.

I recently interviewed Andrew on the Derby Canyon Trail to find out how and why he started volunteering his time on the paths. Is he a regular hiker? Not really (unless climbing up to the Big C counts!). Had he built trails before? Never. Had he heard of the Path Wanderers? Nope. In fact, Andrew is a grad student at Cal, studying to get his PhD in Bioinformatics. Logging lots of hours at a computer during the pandemic left Andrew longing to spend more time outdoors. A couple of online inquiries led him to Francesca Verdier, Steve Glaeser, Bob Gomez, and the rest of the BPWA building team. Andrew loves the chance to do some hard physical work and ditch the screens for a while.

UPDATE ON JACQUE
**Jacque Ensign is home at last!**

Dear Path Wanderers:

Thank you all so very much!

Because of you we were able to install a rental stair lift, and when Jacque came home from the hospital we were able to get her back into her own home.

As of today, we are beginning working with a vendor to get a permanent lift installed that is more involved and more expensive, but it will go all the way from the street to the front porch without stopping! This will help Jacque to stay in her own home for a long time to come.

The current lift we have goes up each individual staircase but requires a transfer to a wheelchair in between these two different stair lifts. We were fortunate to have the current stairlift installed; the other stairlift had supply-chain issues and won't be available for installation for a few months. Your continued support of the GoFundMe campaign will help pay for this improved stairlift.

Jacque is also interested in having a kind and caring individual live in her home in exchange for helping her with minimal self-care activities, light meal prep, and light housekeeping as she recovers from this accident. Please contact Jane Johnston (Jacque’s daughter) at janeyjohnston123@gmail.com if you or someone you know is interested.
We are all so very grateful to you for your financial support and all of your kind wishes.

Jane Johnston and Jacque Ensign

PS: A Meal Train has also been set up for Jacque and her family caregivers; please feel free to sign up to bring a meal in the coming weeks.
