Diabetes Body Acceptance Project

If you:
- are female-identifying
- between the ages fo 15–30
- have a Type 1 Diabetes Diagnosis
- and have body image concerns

then we invite you to participate in the body acceptance program! Participants will be randomized to one of two interventions designed to improve body acceptance and decrease eating pathology in individuals with Type 1 Diabetes.

You could earn up to $110 for completion of all study tasks.

Interested? Scan the QR Code!

Please contact the study coordinator at diabetesbodyacceptance@stanford.edu or (650) 549-4829 to learn more!
