ROCKY MOUNTAIN CHAPTER – CHMM

APPLICATION FOR MEMBERSHIP

Thank you for your interest in the Rocky Mountain Chapter of Certified Hazardous Material Managers. The Rocky Mountain Chapter (RMC) is a proud affiliate of the Alliance of Hazardous Materials Professionals™ (AHMP), a professional association with a membership consisting of the nation's leading experts in environmental, health, safety and security management. AHMP is the only national organization devoted to the professional advancement of the hazardous materials management field.

The goal of the Alliance and the RMC is to promote the exchange of knowledge, encourage the advancement of persons in the various fields of hazardous materials, and to obtain recognition of the value of the credentialed professional. In order to achieve these goals, the RMC accepts applications for memberships from persons interested in the field of Hazardous Materials Management, persons interested in obtaining an EHS&S professional credential, persons studying in various fields at institutes of higher education, and Institutions or Corporations interested in promoting the principles of Hazardous Materials Management.

Attached is an application form for membership in the RMC. Please fill out the application form; send the completed form along with \$30.00 for the annual dues to the address at the top of the page.

As a member of the local chapter, you will receive email information from the chapter about local events, notification of meetings, and other pertinent information. Membership in the RMC does not require membership in any other organization although AHMP membership is highly recommended.

After initial application, membership dues of \$30 for subsequent years are due on January 1. Dues paid after Sept. 1 will be effective through December 31 the following year.
