Types of Academic Leaves

- This document does not replace campus and University policies as detailed in the Red Binder and APM.
- Academic year appointees are expected to be present from the beginning of the Fall quarter through the end of the Spring quarter. Any appointee returning after the beginning of Fall quarter or leaving before the end of Spring quarter should apply in advance for a leave of absence in accordance with APM 700-0.
- All leaves and releases need to be formally requested by the faculty member, endorsed by the Chair, and forwarded to the College for review/approval.
- One (1) sabbatical credit is accrued per quarter if the faculty member is on regular duties at 50% or greater.
- A faculty member cannot teach at another university while on a paid leave from UCSB.
- All exceptions, late requests, and interdivisional requests require the AVC’s approval.

Sabbatical Leave: A leave from all regular duties for full-time research and/or study

- Nine (9) sabbatical credits per quarter at full salary; Six (6) sabbatical credits per quarter for 2/3 salary
- A "Sabbatical Leave in Residence" is a leave during which the faculty member is in physical residence during the quarter(s) and teaches a regularly scheduled class that meets at least three hours per week (not a 599). A total of six (6) sabbatical credits are required for each quarter of in residence sabbatical at full salary.
- In both cases, the sabbatical must not disrupt the teaching program or other vital operation of the University and the faculty member must return for active service for a period equal or greater to the leave period. Sabbaticals should be requested three months prior to the start of the pay period of the proposed leave.
