

Special License Plate Series Signature Sheet

Before the Department of Licensing (DOL) considers the San Juan Islands plate series, we require at least 3,500 intended license plate purchases. Signing this sheet indicates your intent to purchase these plates, if they become available.

Proceeds from the special license plate sales will go to The Madrona Institute in support of Conservation and Stewardship Projects in the San Juan Islands. When the special plates are available the information on this signature sheet may be used to notify you.
