“Because of this camp, I’ve learned to free myself from lies embedded in culture. I’m determined to spend time in the Word and prayer, relying on God and allowing him to change me. I want to pursue the good, the true, and the beautiful relentlessly, not just get good grades and make money in a job. Through the speakers, mentors, and my peers, I’ve heard God calling me to a life more beautiful and whole than I ever imagined.”

"At Wheatstone, my students' eyes were opened to Christian adulthood. They were challenged in their prayer lives and developed a desire for maturity. It was amazing to see them grow in love, hope, and obedience. Likewise, I was inspired to view my ministry as a sacred calling. This group will never be the same."

Josh Nordstrom, Youth Pastor

“The Academy Summer Camp is one of the best resources available to help train a generation of young people to stand strong in their faith. I wish every young person would attend.”
