Instructions for Filling Out “Request for Confidential Communications of Personal Health Information (PHI)”

Member Name — This is the patient’s name as written on their health insurance identification card. It may be different from the name of the subscriber who purchased the policy.

Insurance Company — Circle one. **Note:** Confidential Communication of PHI can only be done with the listed insurance companies. Medicaid does not mail out any PHI, so it is also confidential.

Member ID — This number is also on their health insurance identification card usually right next to abbreviation ID. Do not use the Group Number.

Member Date of Birth — Self-explanatory.

Mail Information — Patient must check off **only one** of the two options:

1. Allows the patient to designate an alternate mailing address where paperwork sent out by the insurance company regarding their claim will be mailed, such as the explanation of benefits (EOB).
2. Allows the patient to have the paperwork go to the Vermont Center for Crime Victim Services who will hold this mail for the patient.

Patient will need to call their insurance company when s/he wants to change their address back to their original address. They should call the phone number listed on the form.

The section shaded in gray is NOT to be changed. It is information needed by the insurance company to authorize confidential communication for the patient.

Type of PHI for the confidential communications: This designates that all personal health information regarding the patient/member will be sent to the address checked off on the form.

Explanation for request of confidential communications: This lets the insurer know that the patient is a crime victim who has safety/privacy concerns which qualifies s/he for confidential communications.

Additional comments — Any additional information patient wants to share with their insurance company.

Member Signature — Patient/member must sign and date the request form. They should be given a copy of the form.

SANE or hospital personnel should fax the request form to the appropriate insurance carrier at the fax number listed on the form. **The form should also be faxed to the Vermont Center for Crime Victim Services (VCCVS).**
