JERSEY COWS

ACTIVE COW = HAPPY COW

NO HORMONES

25%

More BUTTERFAT & CALCIUM than milk from a regular dairy cow!

Producing Creamier, RICHER, SMOOTHER,

NATIONAL AWARD WINNING ICE CREAM

It's a process!

Jersey Cows produce the highest average percent of milk solids, a combination of butterfat and protein.

Cows are grazed on pasture and moved daily to new paddocks full of fresh grass, allowing old paddocks time to regrow.

This ice cream is so fresh, it was grass last week! It is produced in small batches, ensuring highest quality from cow to cone.

BEST VANILLA ICE CREAM
Highest quality Madagascar vanilla beans

NATIONAL AWARD
Winning Milk Chocolate
