The use of single use plastics by traders at our events is banned. We also sort and recycle all our waste. Empty bottles, cans and clean card or paper should be placed in the recycling bins that will be on the street. All other waste including pizza boxes and other food trays should be placed in the rubbish bins. Bins will be clearly marked and will be checked and emptied by our volunteers at regular intervals.

New Mills Festival, alongside other organisations and some of the bars in town, is promoting the use of reusable festival cups. Please look out for them at participating venues.
