<p>Recognize parents as their children’s primary teachers and nurturers and implement intentional strategies to engage parents in their children’s learning and development and support parent-child relationships, including specific strategies for father engagement</p>	<p>Family Engagement on Demand is an outcomes-based platform that equips and empowers families through the power of streaming parent learning videos that parents can watch via their mobile phones. The videos on the platform feature diverse families including grandparents and fathers modeling activities.</p>
<p>Develops relationships with parents and structure services to encourage trust and respectful, ongoing two-way communication between staff and parents to create welcoming program environments that incorporate the unique cultural, ethnic, and linguistic backgrounds of families in the program and community.</p>	<p>Family Engagement On Demand contains an extensive library of parent workshop resources and materials to lead exciting workshops for families. Ready-made templates and teacher/parent collaboration tools are easily accessible and downloadable for educators.</p>
<p>Provide parents with opportunities to participate in the program as employees or volunteers</p>	<p>Families can document their time with Family Engagement On Demand and the activities that they participate in with their child as “in kind” hours.</p>
<p>Conduct family engagement services in the families preferred language, or through an interpreter, to the extent possible, and ensure families have the opportunity to share personal information in an environment in which they feel safe.</p>	<p>Family Engagement On Demand provides videos in English and Spanish languages. Because the platform utilizes the power of video instruction, families of all literacy levels are able to benefit from the platform.</p>
<p>A program must offer activities that support parent-child relationships and child development including language, literacy, etc.</p>	<p>Family Engagement On Demand features videos to promote early childhood development with topics on early language development, literacy, and math skills. Hispanic families are featured on Spanish videos to provide a stronger and more authentic connection with families utilizing the platform</p>
