Power to the People Rally (Charlotte) May 3rd!

Power To The Working People March! / ¡Marcha Poder al Pueblo Obrero! – Saturday, May 3rd 11am-1pm

Join us for Charlotte's May Day march on May 3rd, 2025, starting at 4938 Central Ave. The march will end at Kilborne Park, located at 2600 Kilborne Dr

May 1st is International Worker's Day, also known as May Day, and the following Saturday on May 3rd we are celebrating and uplifting all immigrants and working people in our communities who make the Queen City a social and economic powerhouse in "The New South".

Why We March

We are showing up for all working people in our community, regardless of where they were born, who have been impacted by federal cuts, executive orders, and community destroying/anti- worker policies that have been curated and executed by unelected billionaires, and their elected co-conspirators, seeking to further enrich themselves through our hard earned wages and our collective labor.

From social security and medicaid/medicare to devastating immigration policies, the firing of federal workers, attacks on the National Labor Relations Board and against unions, and permanent tax breaks to billionaires, WE, the working people, are coming together to affirm that WE are the source of true political, social, and economic power in this country.

We will be marching on Central Avenue, the "heart" of East Charlotte, passing through several immigrant communities, areas of gentrification, and small businesses owned and operated by our neighbors. Join your friends, family, and neighbors for Charlotte's International Workers' Day march and exclaim, "Power To The Working People!"

This event is brought to you by the Charlotte-Metrolina Labor Council, Action NC, Carolina Migrant Network, and May Day Strong.

Where & When

- **4938 Central Ave. The march will end at Kilborne Park, located at 2600 Kilborne Dr**

What to Know

- **Parking:** If you arrive before 10:00, you can park at Commonwealth High School, located at 5112 Central Ave. After 10am, you can also park at the transit center, located behind the Quik Trip gas station at the corner of Central Ave and Sharon Amity Rd.
- **Weather: Warm and sunny. Bring sunscreen and water!**
- **Signs: Encouraged! Just no sticks or poles.**

- **Family-Friendly:** Keep sign language and chants appropriate for all ages.
- **Marshals** available to help direct both parking and marching to help keep everyone safe.
 - We still need more volunteers to help with this. If you are willing to be a marshal, email jackiegoldberger@hotmail.com.
- **Registration** is not required, but helpful. Sign up [here](#).

ICLT and our partner orgs are committed to nonviolent action, and we expect all participants to seek to de-escalate any potential confrontation with those who disagree with us. Signs and chants must not incite violence. Of course, there's always an inherent risk to protesting.

Inhale, Together, Exhale -Breathing Workshop (virtual) May 4th!

INHALE, TOGETHER, EXHALE

[Sign Up Here](#)

This month's session on May 4th at 4:00 pm, Siobhan will show how a little movement and visualization can change the way you feel instantly. We'll do some different breathwork and learn how to access the medicine available to us from our own bodies.

[Sign up HERE and find a comfortable spot to participate from your own space on zoom.](#)

NEW Mutual Aid Project to Support Vulnerable Communities!

MUTUAL AID PROJECT

Mutual Aid is a new addition to the many "Good Works" of ICLT. Mutual Aid's focus will be assisting the LGBTQ+, Black and Brown and Immigrant Communities, in Charlotte. We will provide information, guidance, and opportunities to be involved with these communities going forward. Here are two organizations that I'd like to introduce and hope that you will assist ICLT in providing support.

QC Family Tree is a neighborhood based community organization based in the Enderly Park neighborhood in West Charlotte. Since Enderly Park is in the heart of a food desert, the organization has set up the Freedom Fridge which allows neighbors to access fresh fruits/vegetables and canned goods, pasta, breakfast items, etc.

Our goal is to provide food for the Fridge on a bimonthly basis from April through July. We will reassess the needs at the end of that time period. To find out more about this organization check their website at qcfamilytree.org

Needs:

- Fresh fruits/vegetables
- Canned goods, pasta, breakfast items, spices, bread, etc.

DROP OFF DATES:

1. Debbie takes the goods to Freedom Fridge - MAY 7th
2. Debbie take the goods to Freedom Fridge - MAY 21st

Drop off locations: (Email Debbie for drop-off addresses: baynarddebbie@gmail.com)

- **Matthews Area**
- **South Blvd. Area**
- **Dilworth**
- **Ballantyne Area**
- **Steele Creek**
- **Providence Park**
- **Pineville**

A plastic bin will be outside either on the porch or at the garage. If you have fresh fruit and vegetables, please delay drop off until Tuesday night or Wednesday morning. If something needs to be refrigerated immediately, please contact me (Debbie) in advance. If you would like to offer your house as a designated drop off point or assist with delivery, please let me know.

Look forward to working with all of you in making Charlotte a kind and loving place.

Debbie Baynard
Mutual Aid Coordinator

By establishing this network, ICLT aims to create a grassroots support system that can respond quickly and effectively to the needs of these communities, which may be at increased risk due to current political policies and rhetoric. The project reflects ICLT's commitment to defending democracy and protecting the rights of marginalized groups in the face of potential threats to civil liberties and social programs.

Every Call Counts! Local and National issues- Call TODAY!

Here is the [Mobilize Link](#) to get you started.

💧 Indivisible Charlotte's **Every Call Counts (ECC)** program is still growing strong! 💧

WE'RE A FORCE! Over 1,090 Caller Activists have signed up for Every Call Counts by now. So many of us are faithfully obtaining scripts and making calls every week. **YOU RESISTERS ROCK!!!**

ON THE MAP: In NC we have 746 Every Call Counts volunteers, while 345 are found across nearly every state in the country. People everywhere are looking to get engaged and sharing the link.

THE HOTTEST ISSUES: In NC there are over 70 Bills currently active. It's hard to choose the top 10 issues each week for our Resister Callers. How do we prioritize? In this order: Elections and Voter suppression, immediacy of the vote in the House, legislative power grabs, immigration/ guns / DEI. There are no small issues, but maintaining democracy and the balance of power is the cornerstone for all other legislation and protections.

NEW PROCESS: The Every Call Counts team has started authoring the scripts themselves for North Carolina. Additionally, they are indicating the progress of legislation so that we can know the urgency of making our calls.

COLLABORATION: The Every Call Counts team has started collaborating with NC Democratic Party. How? The NCDP training department is using Every Call Counts scripts and process in their volunteer training. They are also distributing our mobilize link resulting in additional volunteers. Meantime, the ECC team is sharing NCDP training information with Indivisible Charlotte volunteers on facebook. Win/Win!!

TEAM UPDATES: Our precious Linda Meigs will be leaving the team in a few weeks so that she and David can continue their work in the State of Virginia. Linda has been a true gem for the ECC team and they both have been invaluable to ICLT during a critical time for NC elections. We will miss you Linda and David!

ICLT Tesla Protests - Independence, Charlotte April 6th, 12th & 27th

Resist. Persist. Repeat.

Our ICLT anti Musk-Trump protests continued through the month of April. We are following the list of 3 directions in the title above, and our loyal multi-generational army of enthusiastic protestors (or rather, Protectors of Democracy) knows that we are having an impact. We are outraged that someone who was elected by no one and who has benefitted from hundreds of billions of dollars from the US government is now — along with his DOGE minions — trying to destroy the middle class to fund tax cuts to himself. The vast majority of passing motorists agree with us, and they honk and cheer in appreciation of our activism.

In the words of Robert Hubbell ("Today's Edition", April 29, 2025): "The resistance is working—but we need more of it, at greater velocity, and louder volume. It is gratifying to see results so quickly, but they are only proof of concept. We cannot take anything for granted and must act like everything is at risk."

Let's show up — ALL OVER Charlotte!

— What activism can you accomplish in 60-90 minutes? Invite friends to join you for a Pop Up Protest during rush hour any weekday. Courage is contagious, and we want to demonstrate to our fellow Americans that engagement is happening everywhere, all at once.

— **Protesting 102: Leading ICLT Pop Up Protests:** [Register HERE](#)

On Monday, May 5, Rachelle Salo, our Mobilization Director and resident protest master, will once again lead us in best practices for pop up protests. The goal is to ensure members have guidance to make the most from protests while organizing them safely and within legal guidelines.

Participants will learn how to:

- Check permit requirements and application process
- Communicate with attendees
- Assess protest need for safety vs visibility
- Prepare for counter protestors and de-escalate charged situations if needed
- Alert press if desired
- And more!

— In the words of Buddhist monk and activist Thich Nhat Hanh: Enlightenment is when a wave realizes it is the ocean. Catch a wave and be part of the ocean!

How can I find out about ICLT protests?

If you have indicated interest in protesting with us when you filled out your membership form, we will email you before every protest. (Usually only a few days lead time) If you are not sure if you included protests as an action you were interested in when you filled out our membership form, please fill out [this form](https://tinyurl.com/ICLTProtests) and you'll be included. Or access it here: <https://tinyurl.com/ICLTProtests>

ICLT is committed to nonviolent action, and we expect all participants to seek to de-escalate any potential confrontation with those who disagree with us. Signs and chants must not incite violence. Of course, there's always an inherent risk to protesting.

ICLT Social - Edge City May 3rd!

*****REGISTRATION CLOSED - CURRENTLY AT CAPACITY OF 120!*****

Unwind and unite at **Indivisible Charlotte's** monthly social, the first Wednesday of each month. It is a chance for members to mingle, rejuvenate and connect. While there is no program for our socials, there will be an opportunity to hear about upcoming events. Look forward to an evening of laughter, good company, food, and drinks.

We're excited to see you there—ready to recharge and connect!

Date: May 7th, 2025

Time: 6:30-8:30p

Location: Charlotte

Join us for our next social in Union County: [June 4th @ East Frank Supperette & Kitchen!](#)

Event Recap: ICLT Social - Workman's Friend (Plaza Midwood) April 2nd

Fantastic Crowd, Lots of Members New and Old at Our April Social!

Another fantastic Wednesday Night Social last month at The Workman's Friend in Plaza Midwood! About 85 people, lots of "old" and new members. Excellent food, beverages and conversations. Carolyn gave us an update about all the upcoming events. Plus Bingo! Lots of fun!

"Hands Off Charlotte": Rally & March, April 5th

The Charlotte #HandsOff Rally was nothing short of POWERFUL. Over 4,500 Charlotte residents rallied, marched, sang, and chanted.

We made it clear: We won't sit quietly while billionaires and politicians try to strip away our freedoms, our rights, and our futures.

✨ Shoutout to our incredible speakers, passionate volunteers, and every single person who showed up and showed out.

Together, we supported our community by collecting **3400 POUNDS of food + \$700 for Nourish Up, which will feed 4,300 people** and sent a message loud and clear: Hands off our...

Event Recap: NCGA Update with Woodson Bradley, Apr. 9th

On April 9, we were thrilled to have a virtual chat with **NC Senator Woodson Bradley** with an update on the **NC General Assembly**! We covered various topics including upcoming events, legislative updates, and political strategies. Senator Bradley shared her experiences in the North Carolina General Assembly, discussing challenges faced and efforts to introduce legislation despite being in the minority. Participants also discussed specific bills, budget concerns, healthcare issues, and the importance of constituent engagement in political processes.

Upcoming concerns:

- NC SB 58 - Permitless Carry
- NC 452 - A bill limiting our NC Attorney General's ability to defend NC citizens from unconstitutional executive orders
- NC Budget transparency
- And more!

Event Recap: Senator Tillis Charlotte Town Hall -Apr. 24th!

**SEN. TILLIS
TOWN HALL**

**CHARLOTTE
THURSDAY, 4/24 6:30-8:00PM**
REGISTER FOR ADDRESS

SEN. TILLIS HAS BEEN INVITED TO THIS PEACEFUL AND CIVIL ASSEMBLY TO HEAR FROM HIS CONSTITUENTS DURING HIS SENATE RECESS.

DUE TO HIGH INTEREST, SEATING MAY BE LIMITED. FIRST COME FIRST SERVED!

HAVE YOU BEEN **IMPACTED** BY CUTS TO GOVERNMENT AGENCIES AND PROGRAMS? DO YOU HAVE **CONCERNS** TO SHARE WITH YOUR US SENATOR? JOIN OTHER CONSTITUENTS' VOICES FOR A COMMUNITY TOWN HALL HOSTED BY A COALITION OF NONPARTISAN ORGANIZATIONS.

[Video of the Town Hall here!](#)

Hello and thank you for registering for our town hall last Thursday! Sen. Tillis was invited by certified mail, in person by two coalition members on a flight back from DC, and from hundreds of constituents who emailed him personally, asking him to come hear our concerns. Despite all of this, we received no official response from him or his team. We chose this date because it was during a two week Senate recess specifically meant for constituent work. So we have to ask: **WHERE IS TILLIS?**

If you were able to attend, we hope that you were moved by the personal stories and testimonies from your fellow residents. We heard from many folks who have been impacted by Sen. Tillis' inaction in the face of the destruction of our government programs that we rely on to make our lives work. Folks are being impacted an incredibly wide range of ways: students afraid of ICE in their school, families who rely on the VA for health and mental health, from folks who rely on the Dept. of Education to ensure that their child receives the extra help that they need in the classroom, from business owners who are facing economic devastation due to federal cuts and looming trade war, and many, many more.

But something else also happened that night: we saw about 650 people gather together to bear witness to their neighbors' pain and worries. And to FIGHT for each other. THAT is what we can take forward from this night: Sen. Tillis was not there for us, and has shown that he will not show up, not in person or in congress to work for us. But we will.

We wanted to give a huge thank you to Shamaie Haynes for being our fabulous moderator, who introduced a panel of community leaders who are in this fight with us. Below is their contact info if you have questions or need additional information on these topics:

- **SAVE Act/Democracy issues**

GROUP NEWS: Thank you, Connie Green-Johnson, for Your Service!

Connie Green-Johnson, Stepping Down from ICLT's Membership Committee

Connie Green-Johnson has been an integral part of our Membership Committee since its inception more than three years ago. A tireless, over-committed volunteer with many progressive and Democratic organizations, we have been lucky to have the benefit of her expertise, experience, networks and enthusiasm. She has just been re-elected Regional Vice-chair of the Mecklenburg County Democratic Party (Congratulations Connie) and will be stepping out of her role on our Membership Committee. Our most sincere thanks for her efforts and look forward to her continuing involvement and support of Indivisible Charlotte - she's one of our best cheerleaders. Thank you, Connie, for all that you do.

**GROUP NEWS: Steve Gal has joined ICLT as our new
AV Coordinator!**

Steve Gal
AV Coordinator

Exciting News – Meet Our New AV Coordinator!

We're thrilled to welcome Steve Gal as Indivisible Charlotte's new AV Coordinator!

Steve has over two decades of professional production experience ranging from large national tours to multi-stage festivals. He has held positions at some of the industry's leading companies such as Clair Global, LMG, and Live Nation.

From Steve: "I am thankful to have found a group like Indivisible Charlotte. There has never been a time greater than this, where our silence is simply unacceptable. I am committed to putting my skills to work, in an effort to further the mission of preserving democracy."

Join us in welcoming Steve—we are grateful for his expertise and tireless work in helping us communicate more effectively during our events. Our movement is stronger because of him!

If you have AV experience and would like to help Steve at ICLT events (or if you want to hire him for YOUR events!) email him at steve.audioguy@gmail.com.

Support ICLT - Your donations fuel our activism!

Support us [Here!](#)

We are a boots-on-the-ground, all volunteer organization and operate our voter engagement efforts through your generous donations and yearly dues!

You are truly allowing us to reach more voters and have a significant impact in our community. We couldn't do it without you!

THANK YOU FOR YOUR SUPPORT!

IN THE KNOW: Media Bias - How Media Savvy Are You?

Indivisible CLT Media Bias Project- Update!

By Marshal Auron and Pat Rosa

Indivisible Charlotte's project to help our members better assess media bias was introduced in a previous *In the Know* article [Media Bias: Fact or Fiction?](#) Here's an update

on our progress and some detailed information on how to assess facts, analysis and opinions. Also provided is some information on as well as the challenges of using the three media bias tools identified for national and international news.

Tightening up our view: Facts vs Opinion (Source: Google's AI tool Gemini V2.0 Flash)

- **Factual reporting**- relies on evidence and objectivity and should be presented without opinions or biases. It should be balanced providing multiple views. The evidence should come from credible sources and be accurate.
 - **News analysis**- explains the facts *and* implications. If it relies on evidence and objectivity noted above, it can be considered factual. Analysis inconsistent with evidence and objectivity is a form of opinion.
- **Opinion** – Sources that express views and perspectives often from an ideological position (e.g. right, center left). The analysis and interpretation can be affected by ideology and are aimed at persuading the audience. In effect they are advocating and mobilizing support for a particular cause, policy, political position or political party/movement.
- **Distinction between Fact and Opinion**- There should be a clear distinction in a news source between factual articles and opinion (e.g. editorial) articles. The use and presentation of certain facts is often influenced by the writer. ***The aim of factual reporting is to inform the audience, while the aim of opinion/commentary is to persuade the audience.***

Some things to keep in mind:

- It is critical to be able to determine whether an article or report is fact or opinion since news sources often tend to blur the distinction between them.
- Therefore, it's important to rely on various news sources to be well informed. Exposing yourself to news sources from across the political spectrum (right, center, left) will help you develop a better understanding and appreciation of an issue.
- Since most political success in a democracy is based on compromise, understanding views from across the political spectrum can also help engineer more successful policy proposals (Note: there are always non-negotiables such as the Constitution, the rule of law and civil rights).

Media Bias Tools: Friend or Foe?

Two specific tools are available on the internet and our team has created an AI based search tool. These tools are not perfect. It's important to do your own "gut check" based on the Fact vs Opinion Tools above, rather than taking our (or the tool's) word for it. Some of the challenges include:

- Some of these tools are based on participant or analyst votes or assessments, which might be biased as well.
- The tools do not include all news sources. As news sources have widened from traditional newspapers, news magazines, radio and television to podcasts and Substack, it's impossible to capture everything.
- The tools do not distinguish between different news presenters. This is particularly important for television and radio news that blends news and opinion. If you watch MSNBC or listen to POTUS on Sirius Radio, there are different nuanced perspectives and fact/opinion mixes for different shows.
- The AI tool draws information and perspectives from various sources across the internet.

Media Bias Tools

- [Ad Fontes Media](#) – Interactive tool with filters that arrays media sources from “Most Extreme Left” to “Most Extreme Right” and from “Original Fact Reporting” and “More Reliable” to “Contains Inaccurate/Fabricated Information”. Sources are rated by analysts assessing prominent articles from news sources.
- [Media Bias Chart | AllSides](#)- Tool that rates only online content from Left to Center to Right by collecting information from people across the political spectrum.
- [AI Generated](#) – the team created requests or “prompts” using Google’s AI tool Gemini V2.0 Flash for a media bias rating assessment using left-leaning, right-leaning and center-leaning results for the Top 50 media sources, including mainstream news sources, alternative news sources and podcasts. The results were compiled in the linked chart.

If there is a particular news source that you use and would like us to help you analyze, please let us know. Our next step is to prepare an analysis of the news sources available for North Carolina news.

A special thanks to Pat Rosa for preparing the analysis for this project.
