Exhibition: Until October 24th | Tuesday - Friday | 12PM - 5PM | The Plaza Gallery

Open Studios: October 12th, 13th, 19th, & 20th | 10AM - 5PM

Thumbs up to The Center for the Arts for hosting such a great Opening Reception for this year's Open Studios last night.

At its Plaza Gallery, we loved the natural lighting and, as daylight faded into evening dark, it made savoring the exhibition all the more urgent and enjoyable.

So, with all the beauty of autumn upon us, and with so many artists participating this year, we urge you to...
carve out a good amount of time to visit them in their studios both within and beyond Grass Valley-Nevada City Cultural District.

For now, see below for details of the tour and for tips on how to get the most out of it. And a word of warning, although the Tour takes place over two weekends, some studios are only open for one.

See you on the Tour!

**What is Open Studios?**

2019 marks the 24th year of artists from Nevada County's Western Region showing their work. Adding to the gravitas of Open Studio's brand over the last two years has been the state's special designation of Grass Valley and Nevada City under the California Cultural District Program.

Every October, hundreds of local artists open up their studios and galleries during the second and third weekends so that you can see where art is made, displayed, and appreciated.

The tour features a multitude of classic and contemporary art for every taste and hosts sculptors, printmakers, photographers, painters, jewelers, illustrators, woodworkers, designers, and much more.

Open Studios is a wonderful opportunity to meet the artists, view new pieces and works in process, watch live demonstrations, learn about their processes from conception to completion, and buy original art in a wide range of mediums and
methods! Beyond an art sale, Open Studios is a chance to experience first-hand how, where, and why art is created.
