

## #SaveJ1

*Visit or call your Representative & Senators.  
Ask for their help to save Summer Work Travel.*

You care deeply about the J-1 Summer Work Travel exchange program and the positive impact it has on your businesses and communities. **Federal agencies, however, have proposed substantial changes to SWT that could severely damage the program, and ultimately make it unworkable.**

You can help save Summer Work Travel. Here's how:

### 1 Gather a group

- Invite 2-4 others in your community who support the program -- host employers, chamber of commerce reps, even SWT students -- to join you.

### 2 Set a meeting

- Find your Representative (<http://www.house.gov/representatives/find/>) and Senators (<https://www.senate.gov/senators/contact/>).
- Call and ask for a meeting for your group with your Rep./Senators at their local offices. It's their job to meet with constituents and hear your concerns.

### 3 Deliver your ask

- *"We are asking the Representative/Senator to call the White House and convey strong support for the J-1 Summer Work Travel international exchange program."*

1828 L STREET NW, SUITE 1150 WASHINGTON DC 20005

## **Get a photo of your group & post it to social media!**

Use #SaveJ1 and tag your Rep./Senators with their handle (i.e., @Senator).

## **Can't do a meeting? Call instead!**

Call the DC office and deliver the same ask to the staff member who answers the phone. It's their job to log the name and request of every constituent caller.
