

Starting in January 2018, we are altering our name, store hours, layout, and intake process for jobs. We know it's a lot of change, but it is all in an effort to work more productively and better serve you as our appreciated client.

FAQs

How will the new layout work? Our front door will now be 121-B South Royal. When you enter, you will walk straight through our hallway to get to our Silver Workshop where we will process any silver repairs. For anything jewelry related you will go up our stairs to visit our second and third floor Design Studio.

What's happening with Lawrence? He will still be our exclusive silversmith, but he will work his own hours and he won't be available for consultations unless you make an appointment.

Will you still be doing silver repairs? Yes! We simply ask that you visit our Silver Workshop on one of the two "open" days when we will be accepting new jobs and processing pick-ups (see schedule on back). If you think you have a complicated repair that needs Lawrence's eye, give us a call or send us an email and we can set up an appointment for you, if necessary. You may also ship your object(s) to us anytime, but we encourage you to pick them up in person (if possible) to review our work.

Will you still be doing jewelry repairs? Yes! Our Design Studio will be open four days a week for walk-ins. Please continue to bring us your rings to be resized, your clasps to be fixed, your jewelry for checkups and cleaning, etc. We look forward to seeing you!
