END OF YEAR GIVING

We had a great end of year giving, thanks to so many of you! We were just a little shy of making the full matching gift, but the Lord still blessed us immensely. We are now able to move forward with getting our library system up and running. We are also thankful for the books, microscope, and computers that have been donated to us! We are still looking to partner with individuals that have a heart and passion for Christian education that can give on a regular basis as well as help towards our financial aid need.

TEACHER SPOTLIGHT - MR. KALFAS

David Kalfas (pictured above on the back right) is our Upper School Math and Logic teacher. Mr. Kalfas joined TSCA full time this school year and we are so happy to have him! He is a fun-loving child at heart kind of teacher. You can often find Mr. Kalfas playing right along with our students during P.E. class, or even playing Chess with them as well. He provides a dynamic learning atmosphere in his classroom that help keep students captivated. Mr. Kalfas does a fantastic job of integrating the Bible into his daily lessons with his students.

David is a native of Kentucky and he is married to his wife Charlotte, (aka Charlie). They have a 2 year old son named Sammy and a cat named Zelda. He enjoys time with family, watching football, (Go Saints!) Chipotle and Kit Kat candy bars.

KEY DATES FOR JANUARY

January 6: Students back from Christmas break
January 15: After school jump rope program begins
January 15: All school Spelling Bee
January 17: Back to School meeting for parents. 7PM
January 31: Final sign-ups for Kentucky Fine Arts due
10TH GRADE

As we continue to grow each year, we are adding on 10th grade for our 2020-2021 school year. By the time we start our 2022-2023 school year, we should be a full K-12th ground school!

With our high school biology class next year, we will be incorporating biology labs done by expert creation scientists from Answers in Genesis!

Our Bible will focus on how archaeology confirms the Bible, how we know the Bible is true, a deeper refutation of old earth creationism, and how to defend the resurrection.

A new elective we will be adding is music theory and ensemble.

The Lord continues to provide for us and we are thrilled with the strong academic program we are able to provide. Colossians 3:23 says to do everything to the best of your ability for the glory of God and that is what we are striving to do with the education at TSCA!

WHAT IS YOUR WORLDVIEW?

What is a worldview? It is your viewpoint of how you look at the world.

How is a worldview formed? By interactions and authorities placed in your life such as at home, school, church, etc.

What should be the basis for your worldview? The Bible - God's Word is truth. If you don't have the Bible as your starting point, then you are relying on the infallible words of men and have elevated man above God - this is called humanism.

Do you realize that the majority of a kids worldview is formed through education? A popular secular geography book states..."It is a book to excite your curiosity and address some of the world's key issues head on. It encourages you to think geographically about the world to form a view." (1)

Through all subjects taught at school, a view is formed. Sadly, public school education teaches kids to form their worldview without God. They have replaced God with the religion of secular humanism.

AT TSCA, we stand against the secular worldview and refute false worldviews. We stand on the authority of the Bible as our basis for ALL areas. We want to ingrain this correct way of thinking in our students. That is why math, logic, critical thinking, social studies, science, language arts, technology, fine arts, Bible, etc. is all looked at through the Scripture and what God's Word says, especially in this culture we live in today.

This is a powerful education as we train these students to think logically, defend their faith, refute false worldviews, and be bold witnesses for Christ.

UPCOMING OPEN HOUSE DATES

With open enrollment coming up in March, we have 2 upcoming Open House dates for new students and families to come and experience the Twelve Stones difference!

Choose a date below and visit us between the times shown.

**February 8** 10:00 a.m. - Noon

**March 20** 4:00 p.m. - 7:00 p.m.

Meet our educators, see the classrooms, view the curriculum, ask questions, and learn more about the admission process. We look forward to seeing you!
