

The Honorable Paul Ryan  
Speaker  
U.S. House of Representatives  
Washington, DC 20515

The Honorable Nancy Pelosi  
Minority Leader  
U.S. House of Representatives  
Washington, DC 20515

The Honorable Rodney Frelinghuysen  
Chair  
Committee on Appropriations  
U.S. House of Representatives  
Washington, DC 20515

The Honorable Nita Lowey  
Ranking Member  
Committee on Appropriations  
U.S. House of Representatives  
Washington, DC 20515

Dear Speaker Ryan, Leader Pelosi, Chairman Frelinghuysen, and Ranking Member Lowey:

The Campaign to Invest in America's Workforce (CIAW) is a coalition of diverse national organizations that offer direct services, advocacy, research, and policy development to help people of all ages and conditions develop their skills, enter gainful employment, and enroll and succeed in postsecondary education. CIAW urges you to pass a Fiscal Year (FY) 2018 Appropriations bill that includes adequate investments in job training and adult education as you work to complete the appropriations process. We also encourage you to work with leadership to negotiate a long-term budget agreement that would include higher spending levels, end sequestration and raise harmful budget caps.

Middle skill jobs—those requiring more than a high school diploma, but not a four-year degree—make up 53 percent of today's labor market, but only 43 percent of U.S. workers are trained at this level. This disconnect leaves rural and urban businesses struggling to find workers with appropriate skills, and it leaves workers without meaningful pathways to better-paying jobs.

Despite the growing demands for skills, the President proposed draconian cuts to vital workforce and education programs. The U.S. House Labor, Health and Human Services, Education and Related Agencies (Labor-HHS) bill would still cut hundreds of millions of dollars from funding for the Workforce Innovation and Opportunity Act (WIOA), Pell Grants for low-income and working students, apprenticeship strategies, the Senior Community Service Employment Program, and other key investments in our economic competitiveness. The Senate Labor-HHS bill funding levels are higher than the House levels and more closely aligned to FY 2017 levels. These programs, however, have already been subject to historic disinvestments: since 2001 WIOA state training grants have been cut by 39%, CTE grants to states have been cut by 34%, and Adult Education funding has been cut by 22% when adjusted for inflation.

We simply cannot compete in the global economy if we keep cutting and eliminating effective programs. Ongoing state and local implementation of WIOA, as well as the upcoming reauthorizations of the Carl D. Perkins Career and Technical Education Act and the Higher Education Act, provide unprecedented opportunities to develop the skills of America's workers through access

to effective workforce education and training. Realizing this potential, however, requires sustained funding.

CIAW also urges you to maintain parity between defense and non-defense spending levels and provide adequate funding in an FY 2018 spending bill for critical programs under WIOA, the Perkins Act, the Higher Education Act, Homeless Veterans Reintegration Program, Title V under the Older Americans Act (OAA), the Corporation for National and Community Service's programs like AmeriCorps, and related activities.

Specifically, CIAW urges the committee to reject cuts to education and workforce programs and instead pass an appropriations bill that will restore investments in our nation's workers by:

Funding WIOA Title I employment and training programs at authorized levels so states, local areas, and other partners can fully realize the bipartisan vision outlined by WIOA;

Funding adult education and literacy programs under Title II of WIOA at least at authorized levels to ensure that the 36 million Americans with low basic skills can take advantage of existing and emerging economic opportunities;

Funding Wagner-Peyser Employment Services (ES) activities under Title III of WIOA at current-year levels to give states the additional resources they need to provide WIOA's intensive reemployment services;

Funding the vocational rehabilitation program and other employment services authorized under WIOA Title IV for adults and students with disabilities;

Funding job training and employment services for older workers (Senior Community Service Employment Program) at no less than current year levels and maintaining the proposed funding increase for employment services for at-risk veterans (Homeless Veterans Reintegration Program);

Maintaining or increasing the \$95 million investment in apprenticeship programs in current-year funding;

Maintaining support for data collection on program effectiveness by funding the Workforce Data Quality Initiative at current year levels;

Funding Perkins CTE state grants at least at \$1.3 billion to support CTE programs aligned to needs of business and industry; and

Sustaining funding - including preserving the current reserve fund - for the federal Pell Grant program to ensure that the more than 7 million low-income students receiving this critical financial assistance can continue to pursue their education.

If you have questions about this letter or its attachments, please contact Kermit Kaleba, at [Kermitk@nationalskillscoalition.org](mailto:Kermitk@nationalskillscoalition.org). Thank you for your attention to these important issues.

Sincerely,

Advance CTE
