**OUR MISSION:**

To foster and promote the development of the social, cultural, economic and civic life of Asian Americans to benefit the entire community.
Dear Friends,

On Friday, November 9th, 2001, thirteen members of the founding Board of Directors of Quincy Asian Resources Inc. met for the first time. Their leadership set in motion some remarkable accomplishments by many hundreds of community members over the last ten years. As the Asian population of Quincy has increased by 63.7% to 22,174 in 2010, QARI has continued to respond and adapt to the changing needs and characteristics of Quincy’s newcomers. In the past year alone, QARI served more than 1,500 clients through numerous programs, made possible by 30 staff members and more than 330 volunteers.

In 2011, we continued to deepen the impact of the Adult ESOL program through a new Intensive ESOL class focused on educational and vocational goals. The Commonwealth-funded, Learn (English) at Work Program expanded from 26 to 38 students through the support of business partners, Morning Sun Bus Company and Kam Man Food.

In August, the QARI Youth Service Corps formed, organizing more than 150 high school youth in service of their community. Members act as mentors in the new Atlantic Middle School Mentoring Program, arrange workshops for their peers, and form the backbone of our festival volunteer team. Our Chinese Language Parenting Program has expanded through our ongoing partnership with the Quincy Public Schools to serve more than 30 families in their children’s schools.

Meanwhile, the Board of Directors and staff are working diligently to develop a Strategic Plan to guide our growth for years to come. We are excited by what the future holds for an increasingly diverse Quincy.

Best Regards,

Dr. Wan Wu
Board President

John Brothers
Executive Director
CAI - LEVEL 3 INTENSIVE ESOL STUDENT
“My short-term goal is to study English at QARI. It's very important for me to learn basic English and American culture. My English teacher, Mrs. Jody Price, is a very good teacher. I like to go to class. Also, I spend two hours listening and reading in English at home. I speak English more with my family. I'll keep my schedule to learn English for one year until my English gets to level 4. My long-term goal has not changed: going to college to study. My favorite subject is economics. When I finish college, I'll help people with financial investments, help more people get rich, and have a better life.”

IVY - LEVEL 3 ESOL STUDENT
“My name is Ivy. I came from Hong Kong three years ago. I'm studying English at QARI from 2009 until now. I like to learn English at QARI. The first reason, the location is convenient. Second reason, I pay less for the class. Third, there are different levels and they change books every year. Also, people are nice and helpful at QARI. Teachers teach every detail, very well. I enjoy making friends from different countries and having fun. My English also gets better and better.”

ADULT EDUCATION PROGRAM
Mr. Lam is an Asian immigrant elder who came to the QARI Resource Center seeking help with health insurance, cash benefits, and citizenship. He had lived in Quincy for more than 15 years before moving to Senior Housing with his wife. Due to the economic crash in recent years, his family could no longer afford his $300.00 per month for his living expense. When Mr. Lam came to the QARI Resource Center he was greeted by our multilingual staff and spoke with QARI’s Information & Referral Specialist. The specialist provided instruction and assistance for SSI benefits at the Social Security Administrative Office. Our multilingual staff assisted him with his U.S. Citizenship application, explained to him the benefits of Medicare and Medicaid insurance, as well as how to apply for them.

“無論我需要什麼幫助，他們都能幫我解決，他們有耐心，肯幫人，而且懂得我說的語言。”

Translated – “No matter what I need, the QARI staff helps me solve the problem. They are patient, helpful, and understand my language.”

Mr. Lam is now a citizen, and currently qualifies for SSI benefits. QARI Resource Center was able to provide him with information and assistance he was not able to access elsewhere. QARI’s I&R program is led by our Outreach Specialist and staffed by well trained multiplilingual college work study students. Our staff welcomes and assists all walk-in clients in a variety of services including ESOL, transition to citizenship, priority housing, food stamps, DTA cash benefits, health care, education, and public assistance.

- 41 Other
Melody’s commitment to QARI is a great example of our relationship with high school youth in the community. When she first came into the QARI Resource Center to inquire about English classes in the summer of 2010, she had only been in the U.S. for about a month. We introduced her to YouthLinks, a youth summer jobs program. Since then, Melody has been a consistent participant and volunteer in many of QARI’s programs. Not only has she been involved with events like Lunar New Year, August Moon, and Annual Banquet, she has also been involved with programs like the Quincy High School Tutoring/Mentoring Program, and teaching Survival English for Elders.

QARI has been an ongoing resource for Melody as she looks forward to her college career and beyond. Recently elected as the Director of Marketing on the Executive Board of the QARI Youth ServiceCorps board, Melody has been working on various projects with her peers in an effort to make a larger impact on the community. She is developing valuable skills such as how to organize events, speak in public and develop lesson plans, while continuing to give back to the community she lives in.

Students at Quincy Public Schools

*Data collected from a total of 10,213 students from QPS
YOUTH PROGRAMS
*Funded by the Comcast Foundation and South Shore Mental Health

In 2010-2011, 14 high school members of the DUC (Discovering Unique Careers) Program organized and attended various events during the school year, highlighted by a career conference in May. DUC members visited work sites including the New England Aquarium and Boston Ballet, learning about careers and opportunities for youth.

Through QARI’s Mentoring Programs, we identify specific ways of supporting recent immigrant youth and educating immigrant parents about available resources. Mentees receive help with adjustment, transitions, language, college or career exploration, financial aid, etc. Mentors gain a greater appreciation and understanding of the immigrant population and their needs.

U&I Mentoring is a school-based, one-on-one mentoring program designed to support immigrant youth enrolled at Atlantic Middle School by providing academic support, help with the transition to high school, and aid in acclimating to life in America. A set curriculum focuses on English conversation practice and non-verbal activities to foster meaningful match relationships.

QARI Connects is a community based, one-on-one mentoring program that assists immigrant high school youth in Quincy and South Shore area to adjust to life in America and prepare for post-high school society. Mentors support career exploration, the college application process, the development of mentees’ socializations skills and cultural competency.

Founded in 2011, the QARI Youth Service Corps is a group of 150-200 high school students committed to making an impact in their community. Members of this group volunteer for QARI’s events and projects such as the Lunar New Year and August Moon Festivals, and mentoring programs. The Service Corps serves as the foundation of QARI’s youth volunteer capacity; by actively promoting Asian Culture and awareness of social issues within the community, members of the Service Corps develop their leadership skills, become more aware of and engaged in their community, all while seeking to improve it.
ESOL INSTRUCTION
* Funded by the State Street Foundation, the Harold Brooks Foundation, and Verizon

QARI provides 4 levels of English instruction to approximately 300 students through the work of six teachers and a host of volunteer tutors.

In the past 12 months there has been a sharp increase and need for English instruction. Our classes are fully enrolled and each semester there is an extensive wait list (between 60-90 students).

For students looking for a “fast track”, QARI now offers a year long cycle of three intensive classes (Summer, Winter, & Spring). These classes, which meet 3 days a week for seven and a half hours, are designed to prepare students for further educational or vocational training.

CITIZENSHIP EDUCATION
Classes meet throughout the year for 12 weeks and prepare students for the Citizenship Exam.

LEARN (ENGLISH) AT WORK
* Funded by the Commonwealth of Massachusetts

QARI, in partnership with two local businesses: Morning Sun Travel & KamMan Market, runs three ESOL classes for 38 employees designed to develop students English skills in the workplace.

SURVIVAL ENGLISH FOR ELDERS
QARI volunteers and staff teach more than 80 Chinese immigrant elders in 4 classes at 2 different locations (QARI Resource Center and O’Brien Towers).

These classes are conducted in Cantonese, Mandarin, and English are between 1-1.5 hours long. The classes run from 8 - 14 weeks and cover topics such as how to ask questions, taking public transportation, emergency situations, and how to use coupons and pay bills.

HEALTH SEMINARS
In partnership with Quincy Medical Center, Thomas Crane Public Library, South Shore Elder Services, and Greater Boston Chinese Golden Age, QARI organizes 8 yearly health education seminars for an average of 50 immigrant elders. Topics included “Breast Cancer Awareness”, “Alzheimer’s Disease”, and “Eating Well for Today and Tomorrow”.
MULTILINGUAL SERVICES
QARI staff members provide answers to questions concerning daycare application and referral process, public benefits, health insurance, housing, translation, and fuel assistance at the QARI Resource Center. Work study students assist in a variety of languages, such as, Cantonese, Taishanese, Mandarin, Vietnamese, Spanish, and English.

BILINGUAL OUTREACH
* Funded by South Shore Elder Services
QARI staff and volunteers provide translation services to clients at the Germantown Neighborhood Center’s Food Pantry and also during the holiday season at Salvation Army. Last year over 600 units of service were provided.

Central Registration at Quincy Public Schools is held at Quincy High School on Mondays and Thursdays from 1pm - 3 pm. QARI reaches out to new immigrant families, providing information for their needs, such as finding jobs, filling out applications, signing up their children for school, as well as informing them of all the services QARI provides.

QARI staff and volunteers provide outreach to immigrant parents as interpreters for report card reading, parent/teacher conferences, and IEP (Individualized Education Plan) meetings.

Last year QARI staff assisted 65 Asian immigrants with information about unemployment benefits, English classes, job opportunities, and job training at the Quincy Career Center.

CHINESE PARENTING PROGRAM
More than 30 families took part in Parenting classes offered in their children’s schools by QARI through our partnership with South Shore Mental Health and the Quincy Public Schools.

LEGAL CLINICS
Free monthly legal clinics are held on the fourth Monday of every month at QARI Resource Center. Licensed attorneys provide answers to questions concerning criminal and personal injury, immigration and U.S. citizenship, family and divorce, and landlord/tenant issues in a private and confidential manner.
RECOGNIZING ASIAN AMERICAN SERVICE TO THE COMMUNITY

More than 600 community members gathered to celebrate Asian Pacific Heritage Month in May and honored 5 recipients for their contributions to the community.

*Founders Award:* David Zou  
*Visionary Award:* Arthur Keough  
*Community Partner Award:*  
State Street Corporation  
*QARI’s 10th Anniversary Award:*  
John Brothers  
*Unsung Hero Award:* Gene Lee

The 4th Annual Community Banquet raised more than $55,000 to support QARI youth programs and the QARI scholarship fund. During the Annual Banquet, community service scholarships were presented to graduating seniors Michelle Deng, Teresa Fong, Brenda Lam, and Xingying Mei. These scholarships reflect the students dedication to community service.
PROMOTING CULTURAL APPRECIATION
The Lunar New Year and August Moon Festivals, two of the largest celebrations on the South Shore, once again featured performances, cultural exhibits, activities, and vendors. This year volunteers organized an Asian Cultural Area at both festivals; increasing and expanding the exposure of Asian Arts and Customs to the Quincy community.
