Holiday Whimsy

Children will love the whimsical, personal touches in this whimsical, so family-friendly while showcasing fabulous holiday cards and kits.

KATIE'S TIPS

Use the holiday cards you receive as inspiration. Put a bulletin board above the mantel and add them to it each day.

Put away your Christmas cards each year, and bring them out just before the holidays. They will all seem new and it will become a great new tradition to read them again each year!

MODERN GLAM

For more, a simple, sophisticated palette is the ultimate way to celebrate the holidays in style.

KATIE'S TIPS

Less is more!

Use clean lines and low colors.
Minimalist decor, reflective
metal finish touches.

SOPHISTICATED TRADITIONAL

Traditional holiday décor goes far beyond tinsel and stars. An emphasis of classic formal to antique décor is meant to create a holiday look that's elegant, timeless and trend-right.

KATIE'S TIPS

Focus on classic holiday colors like green, red and white.

Using antiques during the holidays is a great way to share holiday traditions and introduce some guests from your generation to the past. For example, ginger jars are a traditional accessory that can be on display or used as vases.

High-Design-Styled Space With Open to one of (Doreen) most well-known interior designers and decorators, Katia De An is an experienced, refined and creative professional architect. Katia is single after by Doreen's and her husband, the late Dr. Cheryl Hill, MD and her husband and two young daughters.
