## Michael Gilmore

It has been 2 months since you've had a voice in the U.S. Congress and Gov. Snyder thinks **YOU** should wait a whole year to be represented, so he is not holding a **Special Election** until **November 2018** to fill the seat.

During Black History Month, as we honor Civil Rights Activists who fought for our right to **Vote**, you are invited to join Attorney Michael Gilmore for coffee and refreshments and an update on the lawsuit against Gov. Rick Snyder for keeping the 13<sup>th</sup> Congressional District U.S. House Seat empty for a year, denying you the right to vote and be represented in Congress. Come learn about his dedication to the community and stance on the issues.
