**Goal:** identify whether or not the voter will vote NO on I-976.

**If the voter is firmly voting yes** - thank them for their time, hang up, **do not engage.**

**If the voter is undecided** - share information about why I-976 would be bad, engage with them on what their transportation concerns are, and **try to persuade them to vote NO.**

**If the voter is leaning no or firmly voting NO** - Thank them and reinforce that I-976 would be bad. Let them know their ballots have been mailed out and should have arrived. Help them start thinking about how they will return their ballot - by mail or dropbox - in time for the November 5th election.
Hi, may I speak with (name of voter)? My name is ______ and I am a volunteer with Keep Washington Rolling Coalition.

We’re working to stop Tim Eyman’s Initiative 976 on this November’s ballot. Initiative 976 would repeal billions in funding for transportation projects across the state - making traffic worse and risking public safety.

**Question #1:** Have you heard of I-976 before?

- **If No, I haven’t heard of it:**
  
  I-976 would repeal $4 billion from the state transportation budget. Here in Bremerton we would lose $500,000 of voter approved funding for local projects in the city.

  A broad coalition of labor, environmental, civic, and business groups, along with the Washington State Troopers’ Association, all oppose I-976. They agree that I-976 is unfair and would make our roads less safe.

- **Yes, I have heard of it:** Great. What have you heard?

  **Question #2:** Given what you’ve heard can we count on you to vote NO on initiative 976 in the November 5th election?

  - **If No, will be voting “yes”:** Thank you for your time.

  - **If Undecided:** If I-976 passes it will eliminate $4 billion from the state transportation budget and impact funding at the local level. Our Ferry system could also lose $1.3 Billion and the Bremerton Ferry Terminal could lose $48 million for upgrades over the next 10 years.

    The City of Bremerton would also lose $500,000 a year in funding that goes to things like pothole repairs, road maintenance, and building sidewalks.
- **If Yes, will join us in voting no:** Thank you. Ballots have been mailed out and should have arrived in your mailbox. Do you plan to return your ballot by mail or at the ballot drop box?
  - **If by mail:** Great! We encourage voters to mail their ballots back in as soon as possible.
  - **If by drop box:** Great! Do you know where your nearest drop box is?
    - **If no:** you can go to kitsap.gov to find the one nearest you.
  - **If they haven’t received ballot:** I recommend checking your mail again. If it’s not there you can go to votewa.gov to print out a replacement ballot.
