

WPSR HEALTH JUSTICE GALA

ONLINE: MARCH 6TH, 2021

PERSONAL FUNDRAISING GUIDE

OUR MISSION

Washington Physicians for Social Responsibility engages the community to create a healthy, peaceful, just, and sustainable world.

THANK YOU!

On behalf of the WPSR's staff, Task Forces, and Board I want to thank you so much for setting up a personal fundraising campaign and sharing your passion for WPSR's mission with your network. Every dollar you raise will have an immediate impact on the work we do!

At WPSR, we work to protect all Washingtonians from the gravest threats to human health: nuclear armament, climate change, and economic inequity.

When you engage your friends, family, colleagues, and community to donate, you help build the foundation from which our staff and volunteers can affect positive change and address the most pressing public health crises of our time.

Thank you for being a part of this amazing moment and a part of the work of building a healthier and more just world.

- Max Savishinsky, Executive Director

PERSONALIZE YOUR PAGE

Add a pic and set a goal! We suggest starting at \$250. Then take some time here to tell your story! Under "Add a Note" be clear about why this matters to you. Speak to the urgency of nuclear armament, climate change, and economic inequity. Speak to the solutions that will come from the work of WPSR that their gift will support!

Upload a photo of yourself for your page, add a note that tells people why you're passionate about this cause, and set a goal to track your progress! SAVE

PROGRAM AREAS

NUCLEAR ARMAMENT

The Kitsap-Bangor Naval Base, just 20 miles from Seattle, has the largest concentration of deployed nuclear weapons in the US. We envision a future safe from the humanitarian and environmental threats posed by nuclear weapons.

CLIMATE CHANGE

As health professionals, we believe that human-caused climate change is the biggest public health threat of our time. We know that climate change hurts real people right now. The longer we wait to act, the more dire and widespread the impacts and harms on people will become.

ECONOMIC INEQUITY

Because many behaviors that lead to poor health are closely linked with socioeconomic status, economic inequality is a significant social determinant of health. Economic inequality leads to poor health and demands a multipronged approach to these unjust outcomes of inequality.

THANK YOU!

We would be honored to have you join us as a partner in this work as a fundraiser and ambassador for our inaugural virtual fundraising event:
2021's WPSR Health Justice Gala.

Please contact Roland Carette-Meyers, Development & Communications Manager at roland@wpsr.org or 253.973.5250 with any questions or concerns
