

# Asking For Help

# This story is all about saying, “I need help!”

Sometimes people need help because they don't know what to say.

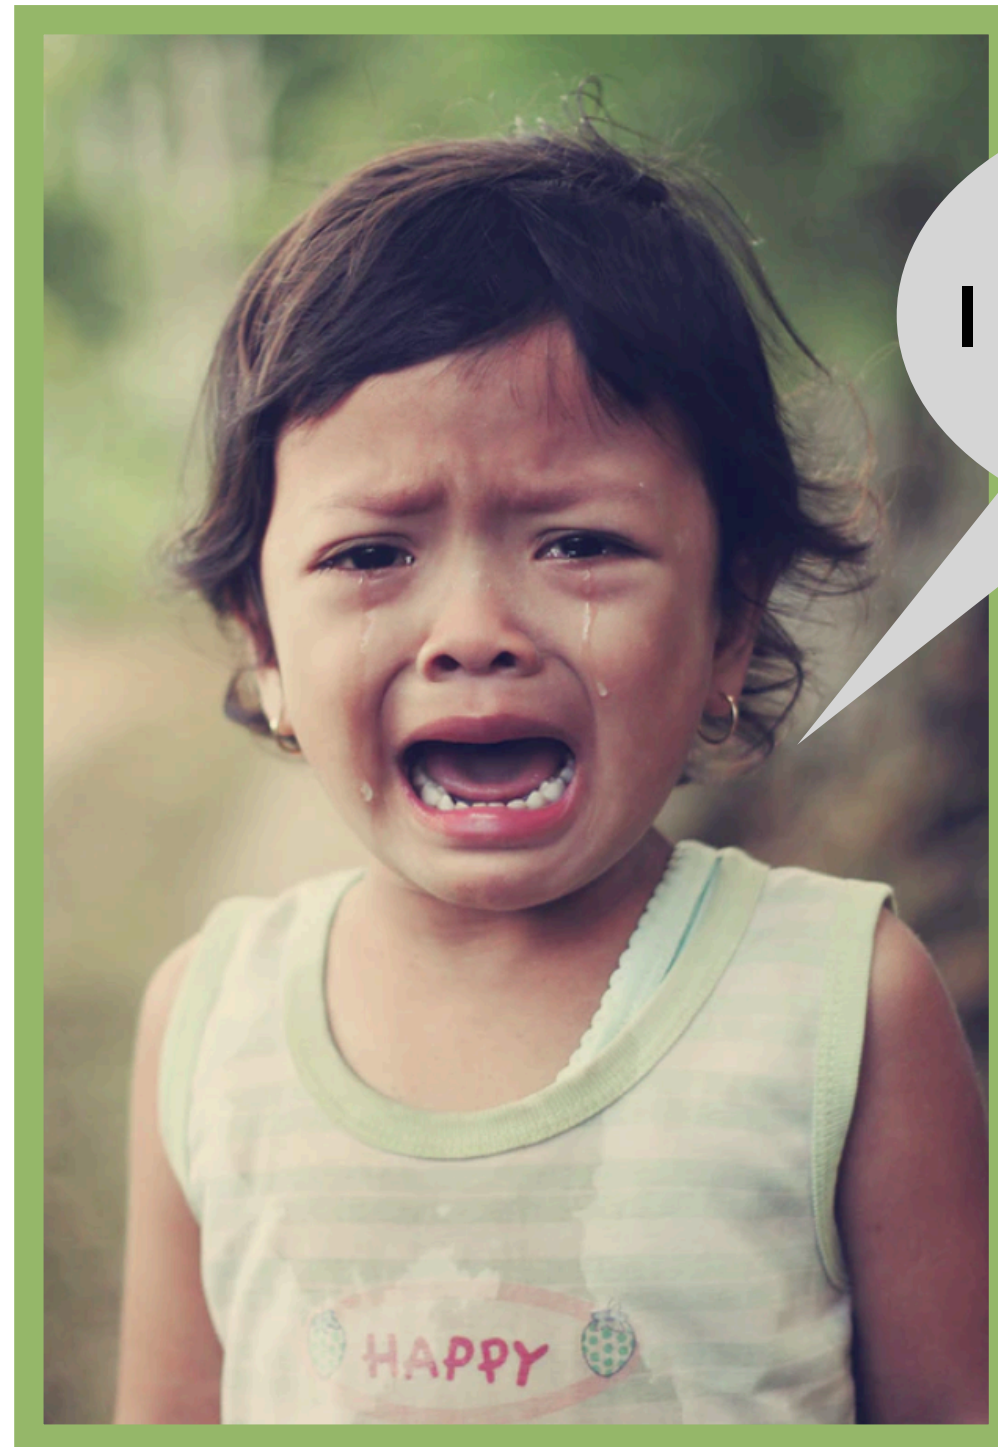

If you don't know what to say because you are **confused**, you can say "I need help!"

If you don't know what to say because you are **sad**, you can say "I need help!"

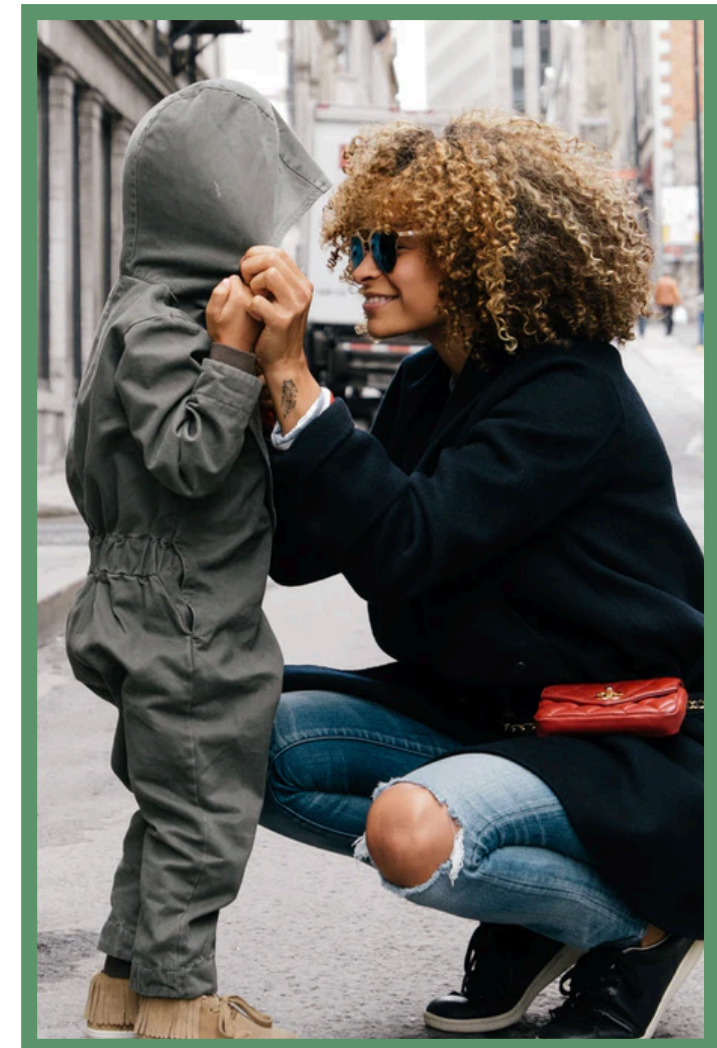

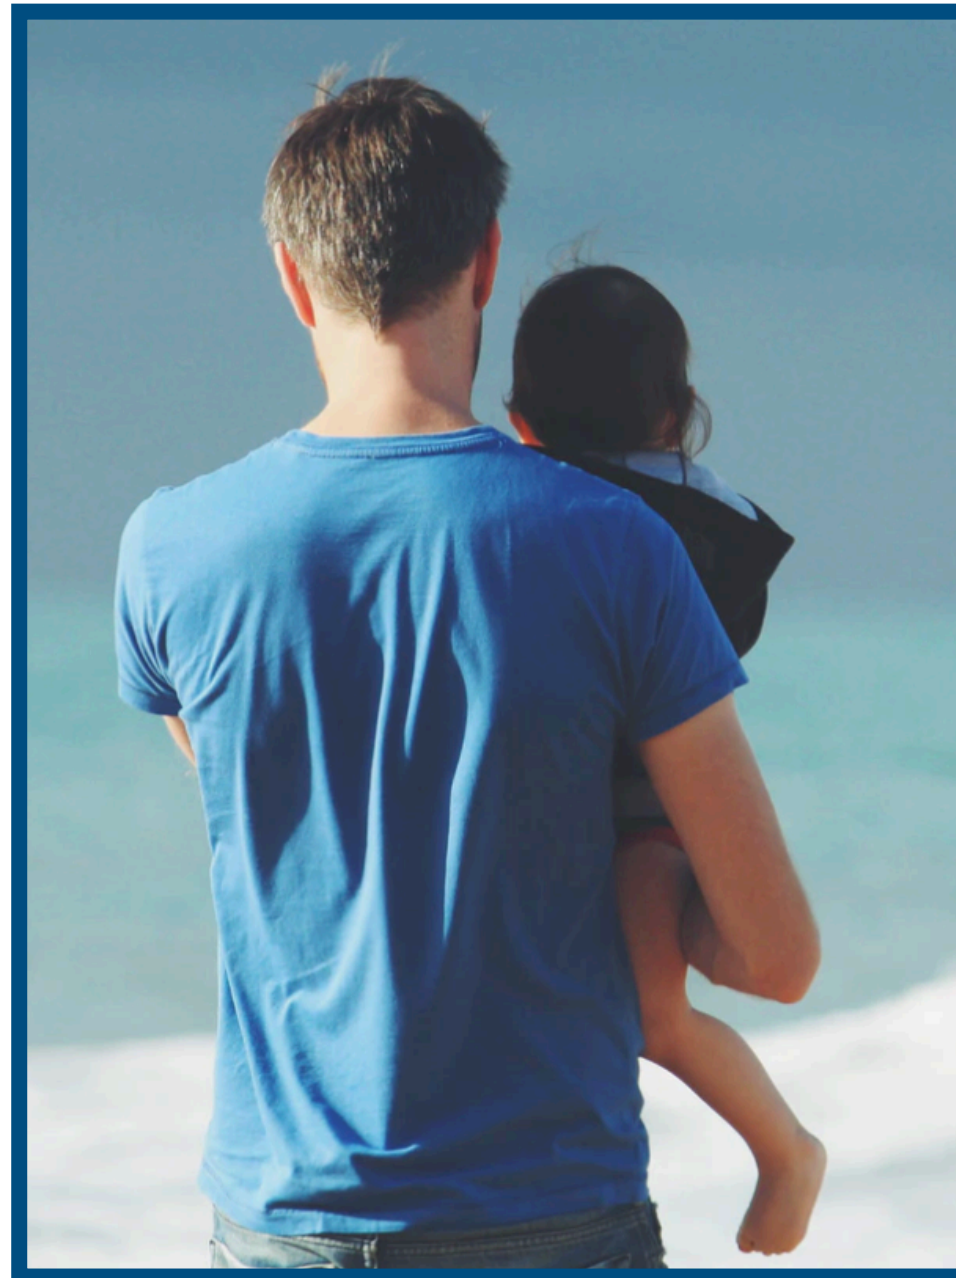

If you don't know what to say because you are **mad**, you can say "I need help!"

When you use your words and say, “I need help!” Parents, adults and friends can help you!

Sometimes people need help doing things, especially when they are kids.

Can you tell what this kid needs help doing?

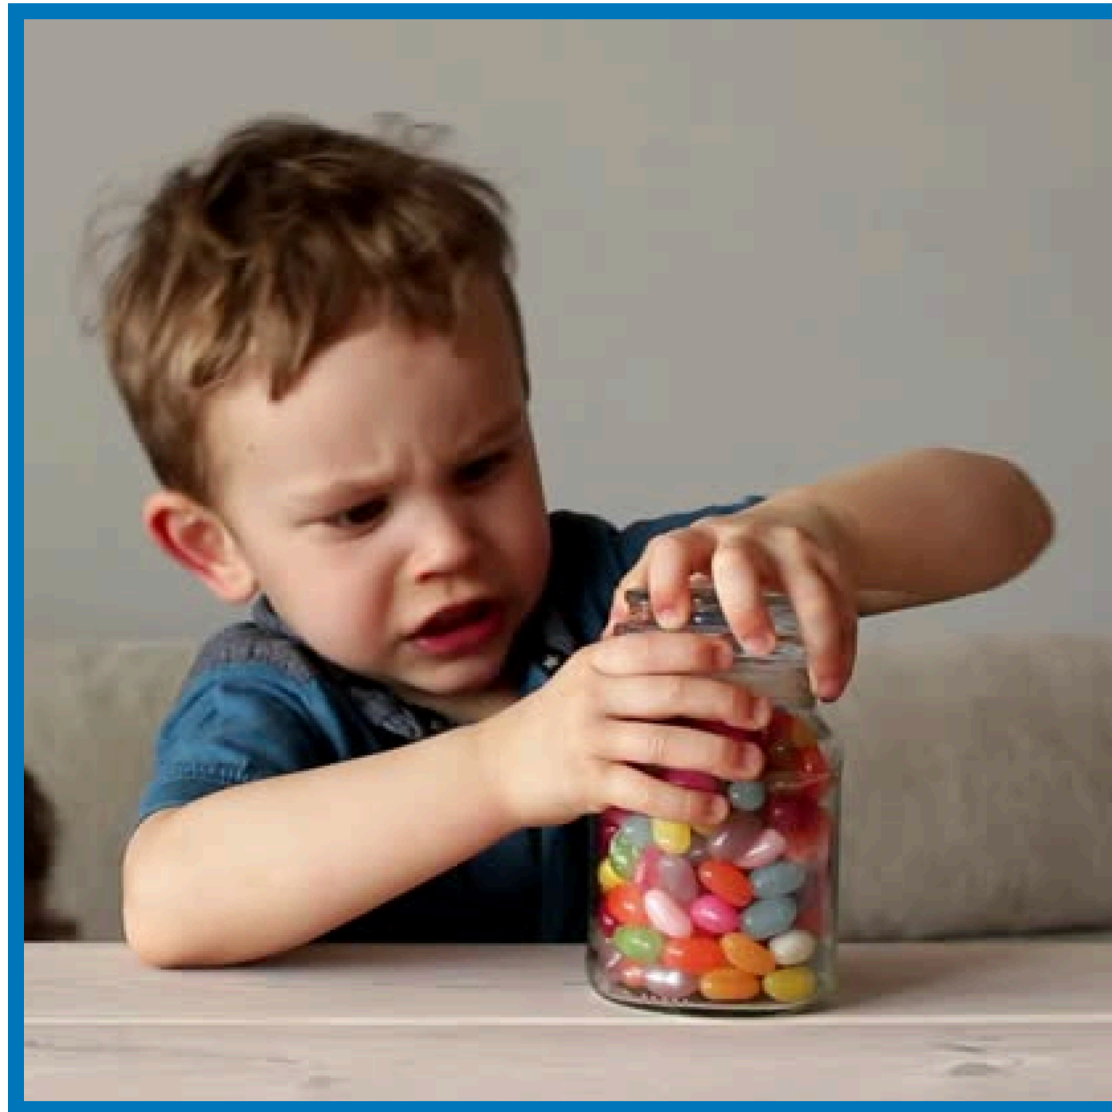

Thats right! This kid needs help tying his shoes. He said, “I need help!”

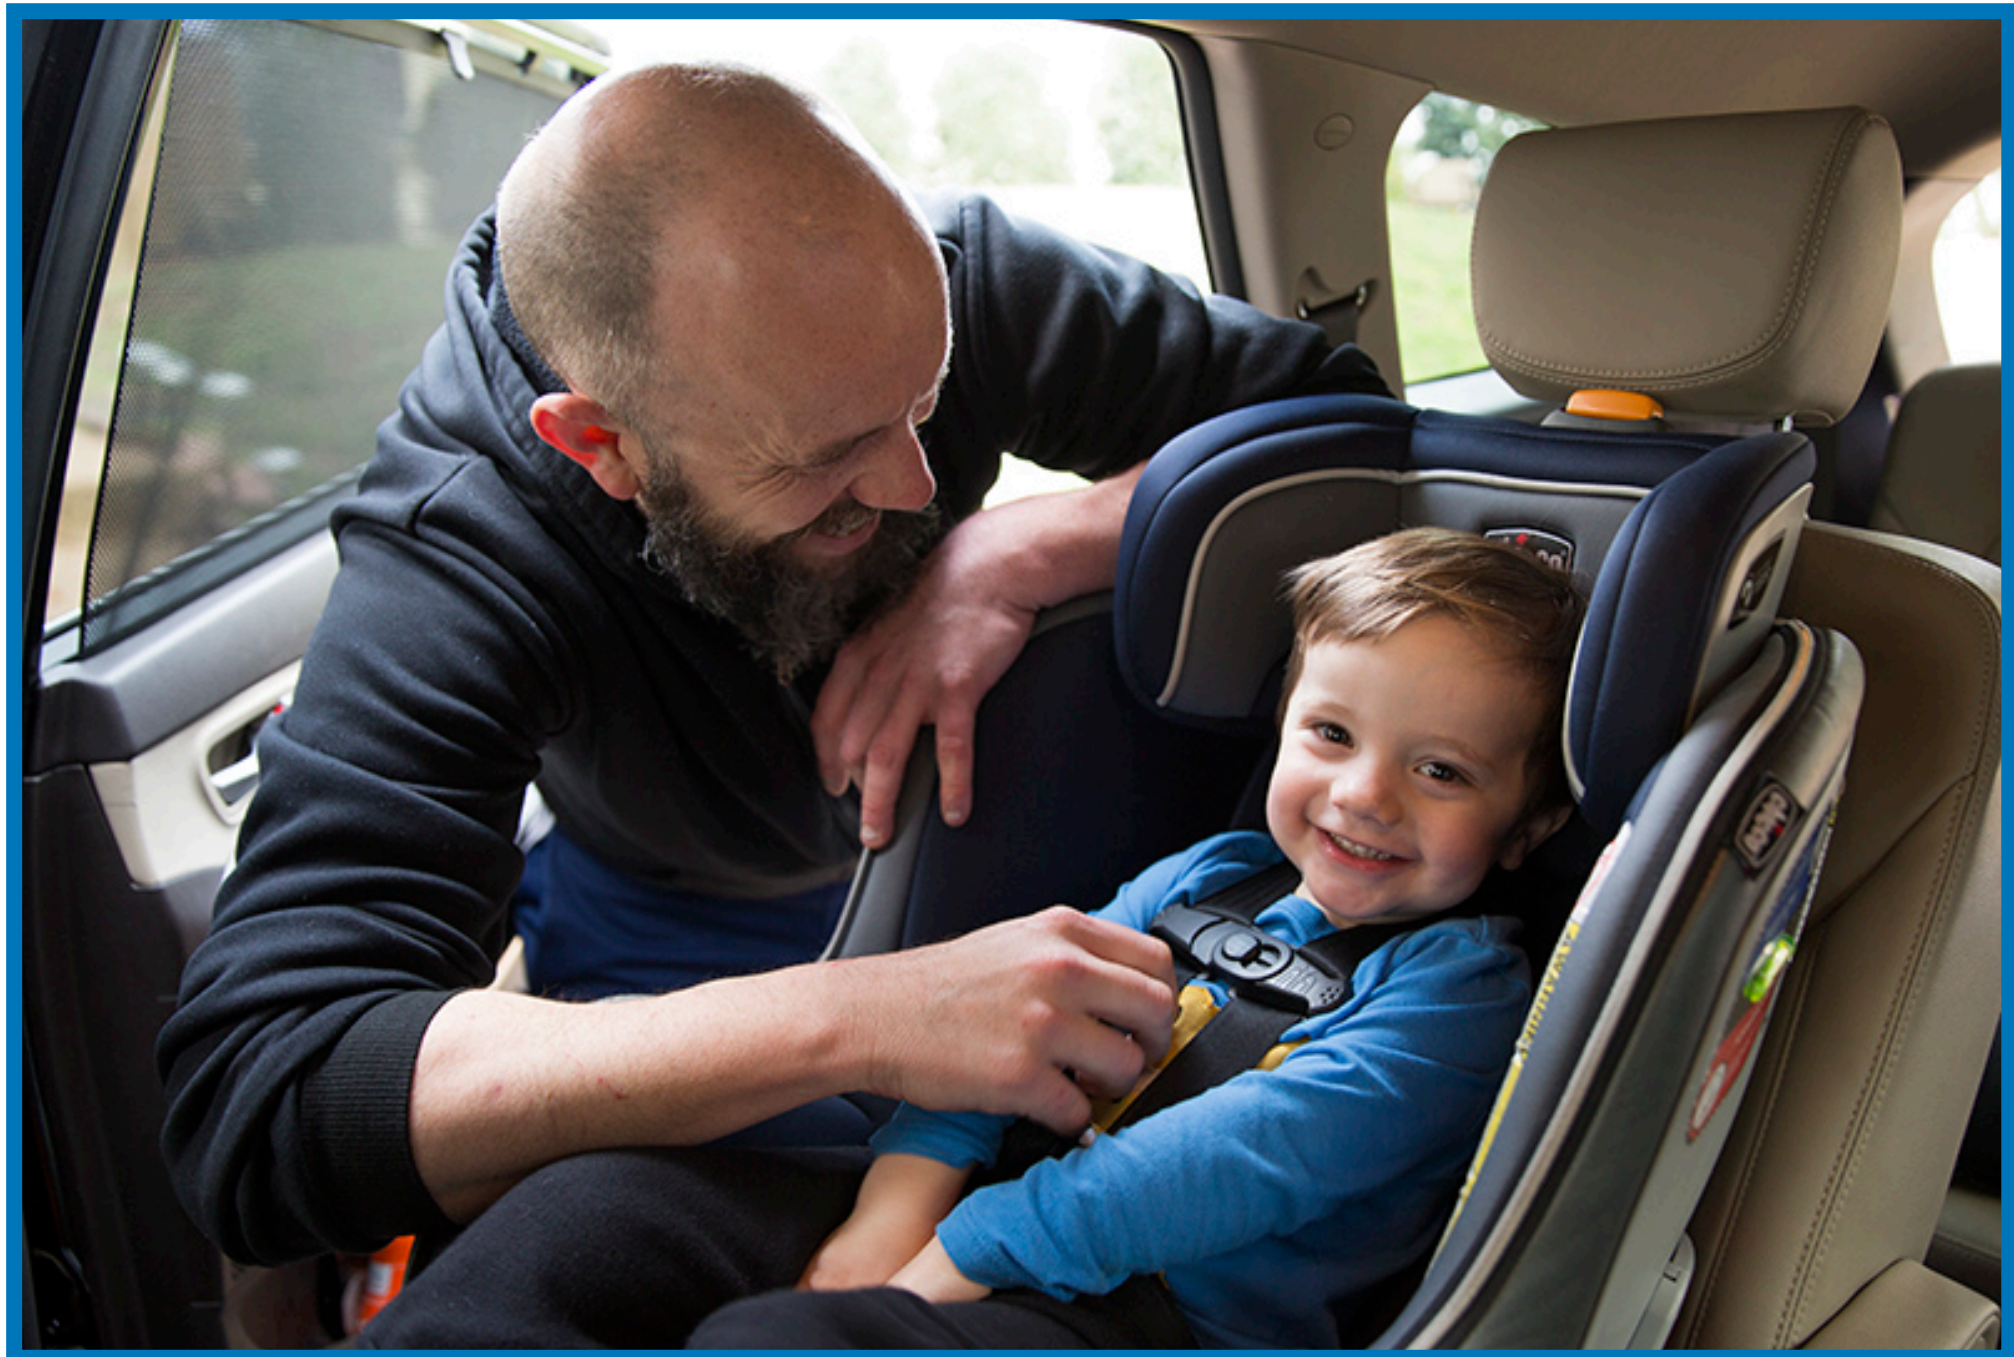

If we need help opening something we can say, "I need help!"

If we need help buckling into our seatbelt we can say, "I need help!"

If we need help crossing the street we can say, "I need help!"

People need help a lot! It is important to say, “I need help” when you don’t know what to do or what to say.

Great job asking for help!
