CONFERENCE OBJECTIVES
The 2024 WFCC Fuel Cell Conference (WFCC) is a multi-disciplinary conference that covers the latest developments and applications in fuel cells, fuel cell materials, and other advanced energy technologies. The conference aims to attract researchers, engineers, and industry professionals to share their latest findings and discuss the future of fuel cell technology.

CONFERENCE FORMAT
The conference will be composed of the following sessions:
- Plenary sessions featuring keynote speakers
- Technical sessions with oral and poster presentations
- Workshops and interactive sessions
- Exhibition and product demonstrations

ABSTRACT/PAPER SUBMISSION
The submission deadline is November 1, 2023. Authors are encouraged to submit abstracts and papers through the conference website. Accepted papers will be published in the conference proceedings.

IMPORTANT DATES
- Deadline for abstract submission: November 1, 2023
- Deadline for paper submission: December 15, 2023
- Conference dates: July 7-10, 2024

TOPICS
The conference will cover a wide range of topics related to fuel cell technology, including but not limited to:

Theme 1: Fuel Cell Technology
- Fuel cell types and applications
- Electrochemical and materials aspects
- Fuel cell performance and efficiency

Theme 2: Fuel Cell Applications
- Stationary power systems
- Transportation (e.g., hydrogen-powered vehicles)
- Distributed energy systems

Theme 3: Fuel Cell Materials
- Advanced materials for fuel cell components
- Advanced catalysts and electrolytes

Theme 4: Fuel Cell Industry
- Fuel cell manufacturing and scaling
- Fuel cell market trends and forecasts

Theme 5: Fuel Cell Safety and Sustainability
- Safety issues and regulations
- Environmental impacts and sustainability

THREE COMPETITIONS
- Best Paper Award
- Best Student Presentation Award
- Best Poster Presentation Award

COMMITTEES (UNDER DEVELOPMENT)
- Technical Program Committee
- Local Organizing Committee
- Exhibitor Committee

REGISTRATION FEE
