NON-CONGREGATE FEEDING & CACFP FLEXIBILITY DURING COVID-19
UPDATES IN RED (4/16/20)

THIS TRAINING IS FOR QCC-SPONSORED SITES ONLY. OPERATIONAL RULES MAY DIFFER FROM OTHER SPONSORS.
OBJECTIVE

To learn about changes to QCC CACFP-operation during COVID-19

To learn how to implement the new flexibilities that will allow CACFP sites to serve meals to eligible children during the COVID-19 crisis
CACFP staff has shifted almost all of its operation to working at the homes of its staff.

Some operation still occurs at the office but social distancing is strictly enforced for those who come to the office periodically.

Staff can be contacted by email or by calling their QCC phones. Messages continue to be returned within 24 business hours.

**Onsite monitoring will temporarily discontinue and will be replaced with offsite monitoring (desk reviews) starting April 2020.**

Staff will continue to contact sites for closures/re-openings and technical assistance.
SUBMITTING MARCH CLAIMS

The process has not changed.

Normal mailings can go to our Atlanta office address.

Because of current and future restrictions and staff protection, be prepared of a potential 1-3 week delay in reimbursement. We will do everything we can to follow our original claim submission schedule.

COVID-19 WAIVERS RELEASED BY USDA-FNS

Waiver #1: CACFP Meal Times for Homes, Centers and At-Risk Afterschool Programs

Waiver #2: Non-congregate Feeding in CACFP (Grab-and-Go Meals)

Waiver #3: At-Risk Afterschool Programs Activity

Waiver #4: Allow Meal Pattern Flexibility in CACFP

Waiver #5: Allow Parents and Guardians to Pick Up Non-Congregate Meals for their Children
WHY DIDN’T YOU JUST MAKE THESE CHANGES FROM THE START?
OBEYING SHELTER-IN-PLACE ORDERS AND OTHER LOCAL RESTRICTIONS

At the time of this webinar, there is no universal list that the state of Georgia is using as a list of essential workers.

You must use your best judgement to obey local rules.

If you are closed for the operation of child care but participating in dissemination of meals, you are a meal site.

QCC is not requiring any of its sponsored-sites to participate in non-congregate feeding (Grab-and-Grow meals).
Purpose of Waivers: To Help CACFP Operators Feed Children During the COVID-19 Pandemic
WAIVER #1: CACFP MEAL TIMES FOR HOMES, CENTERS AND AT-RISK AFTERSCHOOL PROGRAMS

“...[DECAL] may also adjust the time of meal service including suspension of meal times as needed in the CACFP during the public health emergency.”

What do this mean for me? – There is no requirement for CACFP sites to abide by the approved meal service times.

What does QCC want me to do? – During this period, it is expected that sites under QCC’s sponsorship who vary their meal service times do this to improve services to children. Complete the following form to request meal time flexibility: https://qualitycareforchildren.wufoo.com/forms/cacfp-disaster-flexibility-request/

How long is this effective? - This remains in effect through June 30, 2020, or upon expiration of the federally declared public health emergency, whichever is earlier.
WAIVER #2: NON-CONGREGATE FEEDING IN CACFP (GRAB-AND-GO MEALS)

“...Therefore, FNS waives, for all States, the requirement [for CACFP meals to be served in a congregate setting to be consumed by participants on site].”

What do this mean for me? – You may prepare and send meals home (Grab-and-Go meals) for enrolled children in your child care program. Eligible children going to an At-Risk Afterschool Programs may also take home meals.

What does QCC want me to do? – Proper documentation must be maintained in Minute Menu and KidKare. Contact your Consultant (monitor) that you are going to participate.

How long is this effective? - This remains in effect through June 30, 2020, or upon expiration of the federally declared public health emergency, whichever is earlier.
Your child care program is not required to be open for the purpose of child care in order to provide Grab-and-Go meals. If your child care is closed for care, you may still provide Grab-and-Go meals.
Duplicate meals are not distributed to any child. (Child does not receive more meals than what he/she is supposed to receive.)

Meals should be distributed in clean, new, disposable packaging – no recycling of containers.
If you’re going to participate in non-congregate (Grab-and-Go) feeding, contact your Nutrition Program Consultant immediately.
WAIVER #3: AT-RISK AFTERSCHOOL PROGRAMS ACTIVITY

“...Therefore, FNS waives, for all States, [educational or enrichment activity requirements].

What do this mean for me? – At-Risk Afterschool Programs do not have to provide any educational activities and can concentrate on serving Grab-and-Go (non-congregate) meals only.

What does QCC want me to do? – Proper documentation must be maintained in Minute Menu and QCC-approved attendance forms.

How long is this effective? - This remains in effect through June 30, 2020, or upon expiration of the federally declared public health emergency, whichever is earlier.
WAIVER #4: ALLOW MEAL PATTERN FLEXIBILITY IN CACFP

“...Therefore, FNS waives, for all States, the requirements... to serve meals that meet the meal pattern requirements during the public health emergency.

What do this mean for me? – CACFP operators may make substitutions if they cannot find meal components that meet the meal guidelines.

What does QCC want me to do? – Request permission for each meal substitution that does not meet the meal pattern requirement because of supply and food access limitations.

How long is this effective? - This remains in effect through April 30, 2020, or upon expiration of the federally declared public health emergency, whichever is earlier.

FAQ 1

May I deliver meals? – UPDATED (4/16/20)

Yes, creative service methods including meal delivery are welcome and encouraged during the public health crisis. QCC-sponsored sites must contact Nutrition Program Consultant to inform sites on plan to drop off meals. Keep a travel log with delivery dates, times and drop off locations. You must get prior written permission to authorization for each household to deliver meals. To start meal delivery, complete this mandatory form: https://qualitycareforchildren.wufoo.com/forms/q1agki3p0athfuv/

*** At-Risk Afterschool Programs can only participate if they keep annual enrollment forms for their participants if they have been signed within the last 12 months. ***

Do parents have to come each day?

No. You may prepare and give as many days of meals as you can afford.

Where can I find nutrition resources for COVID-19?

Go to: www.qualitycareforchildren.org/forms
If my child care program is open, can I still give away Grab-and-Go meals?

Yes. You can be a combination of both (congregate and non-congregate) if you are open for child care because you have enrolled children that are staying home that need meals. Encourage those families to come pick up meals from you at a time that’s best suited for you.

Do I still have to make modifications for children with disabilities?

Yes. You are still required to make meal modifications for children with disabilities who have official medical statement documentation on file.
FAQ 3

May I serve hot meals?
Yes. You should provide parents with proper reheating instructions.

May I serve meals that I get from school or summer feeding sites?
No! You may never serve those meals to record as a meal for reimbursement. You cannot use funds from another federal program to be reimbursed with other federal dollars. That is double-dipping and a serious deficiency finding.

How many days of meals/snacks can I serve?
You may serve as many Grab-and-Go meals that you can afford and handle. It can be a couple of days or entire week. It is up to you.
FAQ 4

Can I use donated food?
Yes. You must have the donor complete the Harvested and Donated Food Form that is on our website: https://www.qualitycareforchildren.org/forms/. We must have documentation of the donations and possibly contact the donor to verify later.

May I partner with another CACFP site?
Talk to your assigned consultant for technical assistance. You may also read page 2 of the DECAL FAQ on teaming with another site. http://decal.ga.gov/documents/attachments/NutritionFAQsUnanticipatedSchoolClosure03122020.pdf
RECORDKEEPING

Make sure your Minute Menu/KidKare entries are consistent with the amount of meals given to parents.

Menus should match meals served for those days as best as possible. If an alternate milk was served, make sure a waiver was properly requested.

KEEP YOUR ITEMIZED RECEIPTS AND INVOICES!
