

March 1, 2018

To Whom It May Concern,

In June 2018 a team of High School & College students and adults from Cornerstone Christian Fellowship in Fountain Valley will be returning to Panama for our annual outreach and mission trip. Each year we've worked with our local partners on the ground to reach people with a message of hope. This year we are serving the community through VBS, Surf and Skate ministry, sprucing up the local school, a ton of fun and games with the kids and serving anywhere else we find needs. All that said, we are also taking on a MASSIVE PROJECT that cannot be accomplished without your help!

We are partnering with Kids Around the World, a US based non-profit, and some locals in the community to build an amazing playground so that we can seize this opportunity to not only go and love the people of Santa Catalina, but also give a generational gift that will impact their entire community. We are very excited about this project and hope you will partner with us.

Your tax-deductible donation toward this project can be made through Cornerstone or Kids Around the World. Please join us by giving and sharing this page so others can help us impact a community with the power of play.

As you consider supporting us, please note that Cornerstone is a registered 501c(3) non-profit organization and you can write off any donation or discount that you make to us (Tax ID #95-2456630). Should you desire to make your donation through Kids Around the World (also a non-profit organization, the donation link is <https://www.giveeffect.com/campaigns/6166-playground-project-2018-panama-sonrise-panama>).

If you have any questions or want to discuss this further, please do not hesitate to contact us at Cornerstone.

We sincerely appreciate any support that you can provide and are grateful for your consideration.

Sincerely,
Gary Garcia
Lead Pastor
Cornerstone Christian Fellowship
