NOT ACTUALLY DISPOSABLE.**

EARTH DAY 2023

**ONE BILLION PIECES OF
PLASTIC VAPE WASTE ARE
CREATED EACH YEAR.**

EARTH DAY 2023

A landscape of a landfill with a hazy, orange-tinted sky. The foreground is filled with a vast expanse of discarded waste, including plastic bottles, bags, and other debris, interspersed with dry, brown vegetation. In the distance, a few small figures of people can be seen on the horizon line. The sky is filled with thick, brownish-orange clouds, suggesting a hazy or smoggy atmosphere.

**VAPE WASTE IS DAMAGING
THE ENVIRONMENT.**

EARTH DAY 2023

An aerial photograph of a river winding through a dry, brown landscape. A large, vibrant green algal bloom is visible in the lower half of the river, with a small blue and white striped object floating nearby. The text "VAPE WASTE IS DAMAGING THE ENVIRONMENT." is overlaid in large white letters across the middle of the image.

THE ENVIRONMENT.**

EARTH DAY 2023

A top-down view of various pieces of plastic waste scattered on a solid green background. The items include several vapes with yellow and pink bodies, various colored straws (pink, green, yellow, purple), and several clear plastic cups, some of which are partially filled with clear plastic wrap or crumpled paper. The text is overlaid in the center of the image.

**VAPE WASTE IS ALSO
TOXIC PLASTIC WASTE.**

EARTH DAY 2023

A photograph of a recycling facility. In the foreground, a blue hazardous waste container with a yellow label that reads "Danger Toxic hazard" sits on a metal tray. The tray is filled with a large pile of discarded, multi-colored vape pens. In the background, a large pile of various types of waste is visible, along with a green excavator and a worker in a blue uniform. The scene is set outdoors under a clear blue sky.

**VAPE WASTE IS TOXIC.
IT NEVER GOES AWAY.**
