Thank you for purchasing your Natural Himalayan Salt Lamp by Levoit. At Levoit, we believe your living space plays a key role in developing a happier and healthier lifestyle. Himalayan Salt lamps create a soothing environment by emitting light and purifying the air into a more positive ozone. Among other benefits, a Himalayan Salt Lamp adds style and an artistic touch to your home.

Levoit Himalayan Salt Lamps are the highest quality on the market and we are proud to offer unique and inspiring designs.

**IMPORTANT:** Please read, understand, and comply with all of the instructions provided in this manual before using the device. Failure to comply with the instructions given in this manual and/or using the device in ways other than those mentioned in this manual may result in serious injury and/or damage the product.

**Safety Use & Care**
- Keep out of reach of children.
- The lamp is for indoor use only. Avoid exposure to high-temperature sources, direct sunlight, and moisture.
- **DO NOT** strike or drop the lamp.
- To avoid damage, move and handle with care.
- **DO NOT** wash with water or detergents. Do not immerse in any form of liquid.
- **DO NOT** place the salt lamp near any electrical appliances. The natural evaporation may cause humidity or damage to other appliances.
- Due to the nature of natural salt, each crystal varies in color, shape, size, and weight.
- To protect the surface in which the lamp is placed, please select a smooth, non-porous surface under the lamp’s base.
- If the salt crystal surface becomes moist, set the lamp to high and leave the lamp on to allow the salt crystals to dry.
- **DO NOT** replace the bulb while the salt crystal is damp.

**Features & Specifications**
- **Input:** AC 120V/60Hz
- **Light Color:** Orange
- **Power:** Max 15W
- **Length of Power Cord:** 2 m

**NOTE:**
- Recommended for a room size of equal or larger than 32 square feet (3 square meters).
- Due to the nature of natural salt, each crystal varies in color, shape, size, and weight.

**NOTE:** Each salt crystal is unique in shape and size.
1. Year Limited Warranty

Name & Policy

Lutron warrants all products to be of the highest quality in material, craftsmanship and service for a minimum of 1 year, effective from the date of purchase. Warranty limits may vary between product categories. For specific warranty terms, please refer to product information or your product operation manual.

Under the limited warranty, Lutron will repair or replace any part found to be defective due to manufacturing defects. This warranty extends only to the培训机构 and does not extend to any product that has been used for commercial, rental use, or any other use other than the product is not intended for. There are no warranties other than that specifically set forth with each product.

This warranty is non-transferable. Lutron is not responsible for any damages, losses or inconveniences caused by failure or failure of your Lutron equipment, unless it is directly contrasted with the user manual or any additional safety, use, or warnings included in the product packaging and manual.

Lutron’s sole and entire warranty is limited to the replacement or repair of the product other than for its intended use or as described above and with the user manual. Some states may not allow limitations on how long an implied warranty may last. This warranty gives you specific legal rights, and you also have other rights which may vary from state to state.

Should your product prove defective within the specified warranty period, simply return the defective part or unit to its original packaging with the following:

1. A completed copy of Invoice, (2) Order confirmation.

ALL EXPRESS AND IMPLIED WARRANTIES, INCLUDING THE WARRANTIES OF MERCHANTABILITY, ARE LIMITED TO THE PERIOD OF THE LIMITED WARRANTY.

Exceptions & Disclaimers

- Damage caused by misuse, abuse, alteration, misuse, tampering or vandalism.
- Repair or modification attempted by anyone other than an authorized Lutron Service Depot.
- Unauthorized use by children under 18 years of age.

Operation

1. Place the salt lamp on a hard, flat surface.
2. Plug the power cord into a properly grounded outlet.
3. Tap the lighting control button to turn on the lamp. See next page for setting.
4. Tap and hold the lighting control button to adjust the lamp brightness. Release at the desired brightness setting.
5. Tap the power button once again to turn off the lamp.

Light Bulb Replacement

**Note:** It is best to complete this process outdoors at a table or nearby surface to place the new bulb.

1. Unplug the salt lamp's power cord.
2. Carefully flip over the lamp, supporting the lamp by the crystal.
3. With a small screwdriver, remove the two base screws, rotating counter-clockwise.
4. Do not remove the center screw.
5. Gently slide off the lamp holder while holding the lampshield (see screw at side). [The lampshade is held on by the lamp holder only.]
6. Carefully slide the salt crystal in a flat and stable surface and remove the bulb from the base socket, gently rotating it clockwise.
7. Install the new bulb, gently rotating it clockwise.
8. Gently slide the lamp holder back into the crystal, make sure the screw slots and screw holes are aligned.
9. With a small screwdriver, reinsert the screws in each of the two outer holes, making sure they are tightly screwed in.
10. Place the lamp on a flat surface right side up, holding your hand under the base until placed under the table as to avoid the possibility of holding any loose pieces.
