

By My Side

There are times when I lose my step
Times when I forget who I am
But I believe there's hope for me yet
Just as long as you're around

If I ever feel like giving up
Near as I can be to defeated
You always find a way to lift me up
Catch me when I coming down

I don't know how the story goes
Or where the journey will end

But there's a warm sun shining
In the darkest sky
There's a silver lining
'Long as you are by my side

I can't hold on
To the restless wind
I can't stop the rain from falling
But you're the one I keep believing in
When my faith is burning low

Every new day is blind to see
What tomorrow will bring

But there's a warm sun shining
In the darkest sky
There's a silver lining
'Long as you are by my side

Fortune telling's not a game I play
But I know one thing for sure
If you told me that you'd always stay
I'd never ask for nothing more

Oh there's a warm sun shining
In the darkest sky
There's a silver lining
'Long as you are by my side

Yeah there's a warm sun shining
In the darkest sky
There's a silver lining
'Long as you are by my side
